Participating Members: Del Fanning, R.Ph., Mark Smosna, R.Ph., Winnie Landis, R.Ph., Kristal Williams, R.Ph., John Wilson, J.D.

The Committee just met two (2) weeks ago and are in the early stages on drafting rules for the Board to review. They will meet again next week.

Beacon Orthopedics:

Participating Members: Del Fanning, R.Ph., Mark Smosna, R.Ph., Winnie Landis, R.Ph., Kristal Williams, R.Ph., John Wilson, J.D.

Mr. Covington informed the Board that although the Board moved to issue an order, IPLA's Chief Counsel said that the Indiana Board of Pharmacy doesn't have jurisdiction over a Physician's Office, therefore the order can't be issued.

Nichole Schuster, Deputy Attorney General indicated that the order should have been issued.

She further stated, the question is does the Pharmacy Board have authority to issue an order in this matter. Beacon Orthopedics is a Physician office and has an Athletic Trainer doing compounding.

Ms. Schuster indicated it is subject matter jurisdiction and the Board has the right to issue the order if the compounding is a threat to the health and safety of the public. It would then be the responsibility of the physician practice to allege that the Board did not have jurisdiction.

Laura Iosue, Deputy Attorney General, indicated the Attorney General's Office proceeded without the Board's input. They contacted a compounding expert at Butler and they are reviewing Beacon's procedures. Beacon is now compounding again since the Board's order was never issued.

Pharmacy Technician apps without a high school diploma or GED:

Participating Members: Del Fanning, R.Ph., Mark Smosna, R.Ph., Winnie Landis, R.Ph., Kristal Williams, R.Ph., John Wilson, J.D.

Last month Mr. White indicated he would check on the education issue with Technicians.

Mr. White found that "Pharmacy technicians used to be referred to in the statute as "unlicensed persons". IC 25-25-13-18. The Board adopted a rule in 1995 that defined "unlicensed persons" as "pharmacy technicians" (856 IAC 1-35-2) and that rule established qualifications for pharmacy technicians. They had to be high school graduates or have a GED. The rule has not changed much over the years. It did not, and does not, say anything about the age of applicants or waivers or any requirements.

In 2003 the General Assembly adopted P.L. 251-2003, Sec. 3 (codified at IC 25-26-19) which is entitled "Regulation of Pharmacy Technicians". The statute establishes an age qualification (age 18) and gives the Board the authority to waive that requirement. IC 25-26-19-5(b) and IC 25-26-19-6(d).

I have been unable to locate any language in the current statutes and rules or their ancestors that gives the Board the authority to waive the high school graduation/GED standards."

Since the Board does not have the authority to waive the high school graduation/GED standards, then everyone applying for a technician application must have proof of their high school graduation or GED.

Controlled Substance Registrations for Limited Dental Faculty Permits:

Participating Members: Del Fanning, R.Ph., Mark Smosna, R.Ph., Winnie Landis, R.Ph., Kristal Williams, R.Ph., John Wilson, J.D.

Mr. White reviewed the Pharmacy rules and Dental Board rules and indicated to the Board that someone with a limited dental faculty permit may obtain a controlled substance registration.

Controlled Substance Registration (CSR) Surrender Request:

Participating Members: Del Fanning, R.Ph., Mark Smosna, R.Ph., Winnie Landis, R.Ph., Kristal Williams, R.Ph., John Wilson, J.D.

Mr. Covington informed the Board that he has received a request from Barbara Parke, M.D., License number 01044537B to surrender her controlled substance registration.

He is not aware of any issues that are pending.

After discussion the Board moved to APPROVE the voluntary surrender of Ms. Parke's CSR.

Virtual Manufacturers – Licensing and VAWD Accreditation:

Participating Members: Del Fanning, R.Ph., Mark Smosna, R.Ph., Winnie Landis, R.Ph., Kristal Williams, R.Ph., John Wilson, J.D.

Mr. Covington reported the following regarding this issue.

Virtual Manufacturers have title of the drug product but never take possession of the actual drug.

Do they need a license to pass title of the drugs? Virtual distributors can now obtain VAWD accreditation where they couldn't in the past.

Our rules indicate that even if you don't physically move the product you need a license.

A virtual manufacturer was allowed to rely upon the 3PL's VAWD accreditation.
