Motion made by PS and seconded by JC to deny the application for Pre Licensing
The commission does not feel that this course meets the standards of a pre-licensing
course. Specifically, there are no differences to the applications and course content
that have been submitted several times and does not include course information
based on the current statutes and rules. Mr Yoder does not meet the qualifications to
teach the law portion of the course and only lists himself as the instructor. He does
not have a fee schedule listed within the course submission. The commission will not
accept any further applications. Mr Yoder will need to request a personal appearance
before any further consideration of an updated and corrected pre-licensing
