2. Annual BOC Business Meeting Report – John Doherty

John Doherty attended the BOC/CARE Conference and provided information that was shared at the meeting. There is a plan to work on a COMPACT and have it implemented in 2033 for all states. There was much discussion on how that would be funded, and the information is not complete by any means. It's not clear precisely how this will be completed.

Workforce policy was also discussed to review the trends on licensed professionals and shortages in certain areas. Indiana has a higher-than-average number of licensed athletic trainers. There are now fewer schools and students for the profession than there were a few years ago. The BOC Enforcement is effective in communicating discipline to jurisdictions.

ADJOURNMENT

There being no further business and having completed its duties, the meeting of the Indiana Athletic Trainers Board moved to adjourn at 9:45 a.m.
