#### **ADMINISTRATIVE HEARINGS**

1. **David Alan Dunavant – Cause No: 2020SBRPE0008** – Petition to Withdraw from Probation

David Alan Dunavant appeared virtually before the Board in lieu of appearing in person. He has indicated that traveling to Indianapolis is not feasible for him. There is a precedent that is in question here as well. His probation documents were not received.

Motion made by Tim Jensen and seconded by Susan Zellers to issue a Notice of Proposed Dismissal of the Petition to Withdraw.

**Motion carries 7/0/0**

#### **PERSONAL APPEARANCES**

##### **Douglas Homan – Positive Response Reporting**

Douglas Homan appeared before the Board on his positive response that he reported. He received an OWI and was placed on criminal probation for twelve months and had his license suspense for twelve months as well. He did not report this on his renewal when he renewed his license, but after criminal probation had been completed. He did report it due to a coworker advising him that he needed to report to the Board since he didn't check the box on his renewal, attesting that he had been arrested.

Motion made by Steve Gillman and seconded by Tim Jensen to file a complaint to the Office of the Attorney General about his non reporting on his renewal.

Motion carries 6/1/0

## **DISCUSSION ITEMS**

### **Inquiry Relating to Communicating Engineers' and Credentials**

Donald 'Ned' Hannah discussed what he will do in association with this discussion. There are definitions within the rules and statutes associated with the definition and names.

### **Rule Change Discussion – Greg Morical**

OMB is reviewing the newest responses to submitted. Hopefully this will be the final review so the Board can move forward with this rule. Amy will keep the board updated with any changes.

### **Alternative Pathway to Licensure / NCEES Annual Business Meeting Report**

Susan Zellers provided a report to the Board about the changes in Model Law, which now includes the addition of an engineer technology EATC ABET certified degree with 6 years of experience. The educational standards have been modified in the Model Law; the science seems to be a determining factor in the differences between NCEES Model Law and Indiana. There was discussion about creating a mentoring program, to garner experience, especially in rural areas. Need to define guidelines for a mentoring program. There were AI sessions and much about practice overlap.

.August 18 – Henderson, Nevada  
May 14, 15 and 16 – Columbus Ohio

Marion University Engineering School is really focusing on licensure.
