Governor Mitchell E. Daniels, Jr.

ANNUAL REPORT FOR PROGRAMS IN NURSING

Guidelines: An Annual Report, prepared and submitted by the faculty of the school of nursing, will provide the Indiana State Board of Nursing with a clear picture of how the nursing program is currently operating and its compliance with the regulations governing the professional and/or practical nurse education program(s) in the State of Indiana. The Annual Report is intended to inform the Education Subcommittee and the Indiana State Board of Nursing of program operations during the academic reporting year. This information will be posted on the Board's website and will be available for public viewing.

Purpose: To provide a mechanism to provide consumers with information regarding nursing programs in Indiana and monitor complaints essential to the maintenance of a quality nursing education program.

Directions: To complete the Annual Report form attached, use data from your academic reporting year unless otherwise indicated. An example of an academic reporting year may be: August 1, 2011 through July 31, 2012. Academic reporting years may vary among institutions based on a number of factors including budget year, type of program delivery system, etc. Once your program specifies its academic reporting year, the program must utilize this same date range for each consecutive academic reporting year to insure no gaps in reporting. You must complete a **SEPARATE report** for each PN, ASN and BSN program.

This form is due to the Indiana Professional Licensing Agency by the close of business on October 1st each year. The form must be electronically submitted with the original signature of the Dean or Director to: PLA2@PLA.IN.GOV. Please place in the subject line "Annual Report (Insert School Name) (Insert Type of Program) (Insert Academic Reporting Year). For example, "Annual Report ABC School of Nursing ASN Program 2011." The Board may also request your most recent school catalog, student handbook, nursing school brochures or other documentation as it sees fit. It is the program's responsibility to keep these documents on file and to provide them to the Board in a timely manner if requested.

Gail Sprigler, MSN, RN
Assistant Vice Provost for Nursing Education
Associate of Science in Nursing/Practical Nursing
Ivy Tech Community College of Indiana
50 West Fall Creek Parkway North Drive
Indianapolis, IN 46202

Dear Ms. Sprigler:

This letter is formal notification of the action taken by the National League for Nursing Accrediting Commission (NLNAC) at its meeting on March 3-4, 2011. The Board of Commissioners granted the associate nursing program continuing accreditation with the condition that your program submit a Follow-Up Report in 2 years. If the Follow-Up Report is accepted by the Commission, the next evaluation visit will be scheduled for Fall 2018. The Board of Commissioners granted the practical nursing program continuing accreditation and scheduled the next evaluation visit for Fall 2018.

Deliberations centered on the Self-Study Report, the School Catalog, the Site Visitors' Report, and the recommendation for accreditation proposed by the Program Evaluators and the Evaluation Review Panel. (See Summary of Deliberations and Recommendation of the Evaluation Review Panel.)

The Board of Commissioners identified the following evidence of non-compliance, strengths, and areas needing development:

Evidence of Non-Compliance by Accreditation Standard and Criterion

Standard 2 Faculty and Staff, Criterion 2.1

- All full-time faculty are not credentialed with a minimum of a master's degree with a major in nursing. (A)

Ivy Tech Community College of Indiana
Page 1

Areas of Strength by Accreditation Standard

Standard 1 Mission and Administrative Capacity
- Strong institutional, faculty, and student support for the role of the Vice Provost for Nursing Education through the restructuring of the School of Nursing (A/P)

Areas Needing Development by Accreditation Standard

Standard 1 Mission and Administrative Capacity
- Provide mechanisms to ensure comprehensive representation of students in program and College governance. (A/P)

Standard 2 Faculty and Staff
- Ensure support for continued achievement of a master's degree with a major in nursing for the full- and part-time faculty. (A/P)
- Provide for sufficient numbers and utilization of program support staff to achieve the program goals and outcomes. (A/P)

Standard 3 Students
- Review and revise public documents (paper and electronic) to ensure that information intended to inform the public is current, clear, accurate, and consistent, including NLNAC contact information. (A)

Standard 4 Curriculum
- Ensure the incorporation of professional standards, guidelines, and competencies throughout the curriculum. (A/P)

Standard 5 Resources
- Implement strategies to ensure the equitable state-wide distribution of learning resources, office facilities, and equipment to meet faculty and student needs. (A/P)
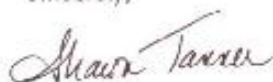

Standard 6 Outcomes
- Implement strategies to ensure local campus and faculty engagement in the implementation of the evaluation plan. (A/P)
- Improve the processes for analysis and dissemination of program- and campus-specific data in order to facilitate the accomplishment of strategic initiatives and ongoing program improvement. (A/P)
- Continue to monitor and respond to licensure exam pass rates that are below the national mean. (A/P)
- Ensure ongoing and systematic evaluation of outcomes, particularly graduate satisfaction and job placement. (A/P)
- Identify and assess specific graduate competencies for role preparation. (A)

A Follow-Up Report requires the nursing education unit to demonstrate compliance with a specific Accreditation Standard or Standards. The Follow-Up Report for the associate program is to address Standard 2 Faculty and Staff. The report is to be submitted to NLNAC in the Spring 2013 Cycle by February 15, 2013. At the time of its review of the Follow-Up Report, the Commission will either affirm the time of the next evaluation visit or deny continuing accreditation and remove the nursing program from the list of accredited programs. We recommend contacting a member of the NLNAC professional staff after reviewing this decision letter.

On behalf of the Commission, we thank you and your colleagues for your commitment to quality nursing education. If you have questions about this action or about Commission policies and procedures, please write or call me or a member of the professional staff.

Sincerely,

Sharon Tanner

NLNAC

National League for Nursing Accrediting Commission, Inc.

Follow-Up Report

Purpose:
To provide the nursing education unit the opportunity to demonstrate compliance (paper) with one or two specific Accreditation Standard(s).

Assignment Process:
A Follow-Up Report may be recommended to the Commission by the site visit team, the Evaluation Review Panel (ERP), or a Commissioner as part of the accreditation review when it is found that the nursing program is out of compliance with one or two of the NLNAC Accreditation Standards.

The decision to assign a nursing education unit a Follow-Up Report is made by the NLNAC Board of Commissioners after review of the recommendation(s) and other documents associated with the accreditation review process.

Review Process:
Follow-Up Reports are reviewed by the ERP to establish whether the nursing education unit has demonstrated compliance with the identified one or two NLNAC Standards. The Panel recommendation regarding compliance with the NLNAC Standard(s) is forwarded to the Board of Commissioners for action.

Based on the Follow-Up Report and the recommendation of the ERP, the decision regarding the accreditation status of the nursing program is made by the Board of Commissioners. Decision options are:

- Affirm continuing accreditation; the program is in compliance with all NLNAC Standards. Next accreditation site visit in six (6) years for Clinical Doctorate, Master's, Baccalaureate, Associate, and Diploma Programs, and six and one half (6½) years for Practical Nursing Programs; or
- Deny continuing accreditation and remove the nursing program from the listings of accredited programs. The program is not in compliance with the NLNAC Standard(s).

Guidelines for Preparing the Follow-Up Report

(1) Organization of Follow-Up Report
   The report is to be presented in two sections, Introduction and Presentation of the identified NLNAC Standard(s).

(2) Content of Follow-Up Report
   - Introduction
     o Name and address of the governing organization
     o Name, credentials, and title of the chief executive officer of the governing organization
     o Name of institutional accrediting body (date of last review and action taken)
     o Name and address of nursing education unit
     o Name, credentials, title, telephone number, fax number, and email address of the administrator of the nursing education unit
     o Name of State Board of Nursing (date of last review and action taken)
     o Date of most recent NLNAC accreditation visit and action taken
     o Year the nursing program was established
     o A completed Faculty Profile Form that includes the number of full-time and part-time faculty teaching in the specified nursing program with all areas of responsibility identified
     o Total number of full-time and part-time students currently enrolled in the specified nursing program
     o Length of program in semester or quarter credits, hours, or weeks

   - Presentation of the identified NLNAC Standard(s) found in non-compliance.
     o State the Standard
     o State the evidence of non-compliance (from the Commission accreditation decision letter)
     o Offer a narrative addressing **all** of the current NLNAC Criteria for the **entire** Standard with emphasis on the areas of non-compliance

   Note: If Standard 4 Curriculum is to be presented, include brief syllabi (2 pages) for all nursing courses. Also include clinical evaluation tool(s) with an explanation of the student evaluation process. Each course syllabus should include:

     o Course title and description
     o Total course hours (theory hours and, as appropriate, laboratory and/or clinical hours)
     o Placement of course within the program of study
     o Name(s), credentials and title(s) of faculty responsible for the course
     o Student learning outcomes/course objectives

- Teaching methods and evaluation methods
- A topical outline (for theory courses)
- Identification of the major clinical and laboratory experiences indicating the type of patient units and any other clinical experiences

Note: If Standard 6 Outcomes is to be presented, include the entire program evaluation plan with student learning outcome and program outcome data for the past three (3) years (at a minimum). Provide clear substantial evidence that the evaluation plan is being used to inform the program decision-making processes. Specific strategies and/or actions should be identified for each component as indicated.

(3) Format for Follow-Up Report
- The number of text pages should not exceed fifty (50); the appendices have no page limit.
- The report should be typed on both sides of the page using 1½ or double-spacing, 1 inch margins, and bound securely.
- All pages including the appendices are to be numbered consecutively and ordered according to a table of contents.
- Each copy of the report should have a title page.
- Confidential records (e.g., faculty transcripts, student records) should **not** be included.

(4) Submission of Follow-Up Report
- Six (6) copies (paper and electronic) of the Follow-Up Report and six (6) copies (paper and electronic) of the current school catalog are to be sent to NLNAC on or before the date indicated in the NLNAC Board of Commissioners accreditation decision letter.
- Submission dates
  - Reports due in the Fall Cycle must be submitted by October 1st.
  - Reports due in the Spring Cycle must be submitted by February 15th.

The NLNAC Professional Staff are available to answer questions.
