# The Euna Grants Update: We've Listened. Change Is Coming

## Important Upgrade Coming by June 30, 2026

The SBA Grants Management Team is excited to announce a strategic upgrade to Euna Grants that reflects your feedback, streamlines processes, and strengthens our statewide grants infrastructure ahead of FFY26.

### We've Listened to You

Over the past two years, your input has shaped this transition. From system functionality to form creation and integration needs, we heard you—and we're acting on it.

### What's Changing?

- Euna Solutions, the parent company of Euna Grants, has acquired AmpliFund. As a result: **Indiana State Agencies serving as Grant Makers (formerly “Grantors”)** will transition to Euna Grants powered by AmpliFund by **June 30, 2026**.
- **Grant Seekers (“Grantees”)** will not be affected by this change.
- **Why Euna Grants powered by Amplifund?**

AmpliFund offers enhanced capabilities that better serve the State's needs:

-  **Custom Form Creation** for more tailored grant workflows
-  **Greater Detail from Subrecipients**, improving transparency and reporting
-  **Built-in Integrations** not available in Euna Grants

This upgrade is designed to support more robust grant management across agencies.
