Subject: Indiana Federal Grants Report – Federal Fiscal Year (FFY) 2023

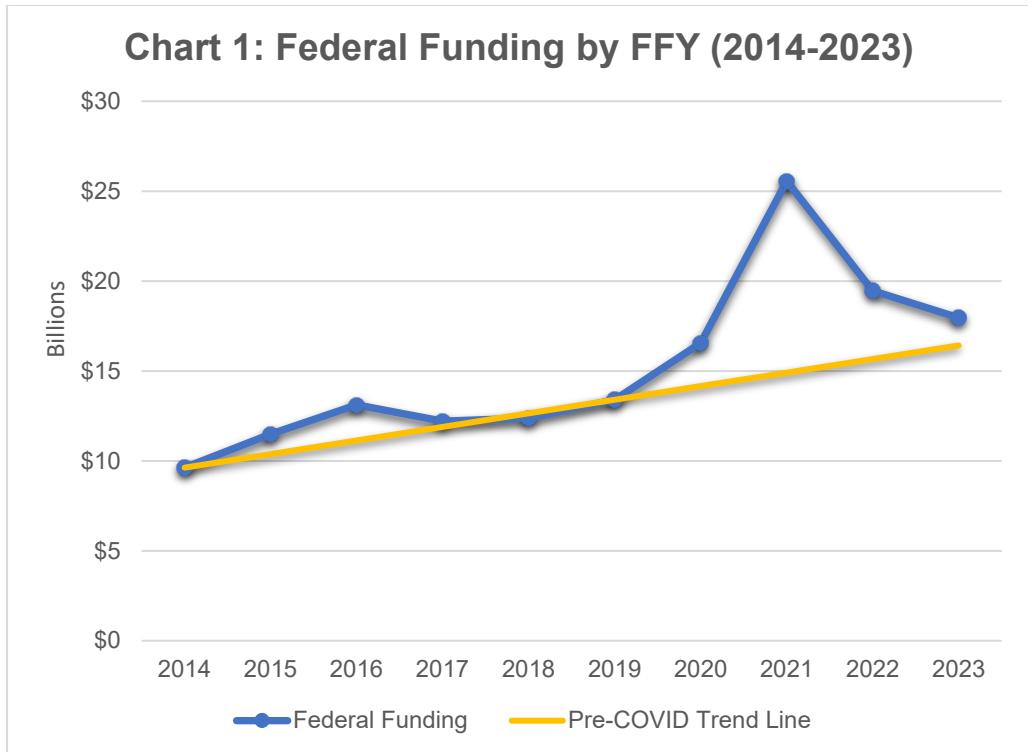

Pursuant to IC 4-3-24-7, the State Budget Agency is required to publish an annual report summarizing the federal assistance received by state agencies for the relevant federal fiscal year. See Attachment A at the end of this document for the full list of federal grant awards received by state agencies for FFY 2023.

In addition, this report provides information regarding multi-year trends in Indiana's federal funding FFY 2023 data. Unless indicated otherwise, all data for this report was pulled from the state's accounting system.

An analysis of Indiana's federal grants data reveals two key trends. First, Indiana's federal funding has increased over the last decade. Second, Indiana's state match obligations have also increased over the last decade.

1. Federal funding levels have steadily increased over the past decade.

As [Chart 1](#) indicates below, Indiana's federal funding levels rose on an almost yearly basis from FFY 2014-2021 and remained elevated in 2022 and 2023.

While much of the growth in 2020 and 2021 was driven by COVID-19 relief funding¹, Indiana's 2022 and 2023 federal funding levels outpaced the pre-COVID (2014-2019) growth trend with a smaller amount of COVID funding.

[Table 1](#) provides a specific overview of Indiana's COVID funding from 2020-2023.

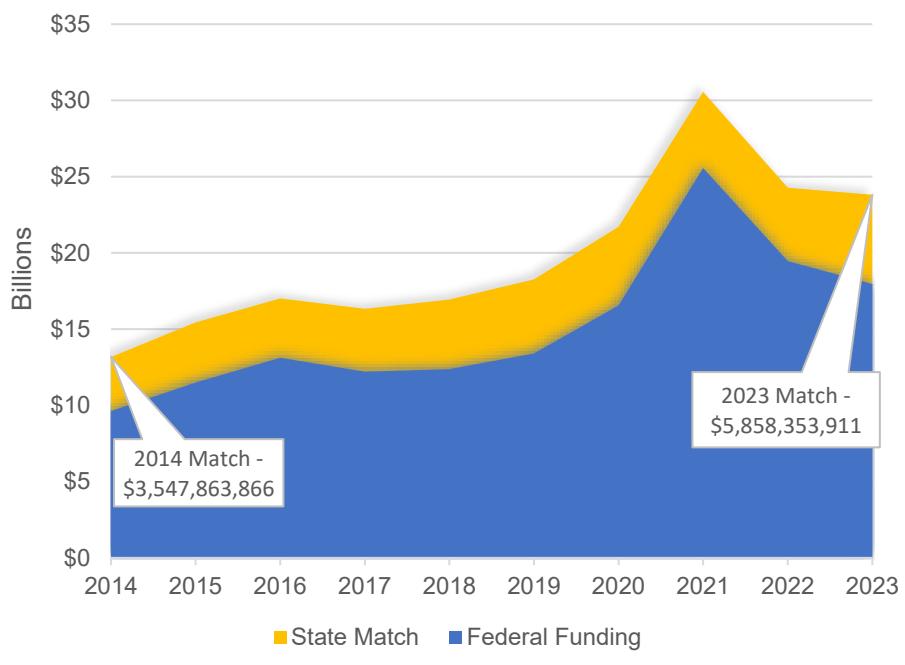

Table 1: COVID-19 Funding by FFY			
FFY	Total COVID Funding	Total Federal Funding	% COVID
2020	\$1,177,371,333.22	\$16,551,782,414.48	7.1%
2021	\$8,562,039,719.94	\$25,564,023,868.89	33.5%
2022	\$368,374,577.50	\$19,459,037,837.00	1.9%
2023	\$43,398,781.79	\$17,956,925,211.13	0.2%

2. State match levels have grown alongside federal funding.

From 2014-2023, state match funding associated with federal grants increased by over \$2.3 billion. [Chart 2](#) below displays the growth in Indiana's federal funding and total federal program funding (federal funds + state match funds) from FFY 2014-2023.

¹ For the purposes of this report, "COVID funding" is defined as funding originating from any of the major federal COVID-19 relief appropriations packages – CARES, ESSER, CRSSA, and ARP.

Chart 2: Total Federal Program Funding by FFY (2014-2023)

[Table 2](#) delineates how the proportion of federal program spending (federal and state match) relative to Indiana's overall spending has increased over the past 10 years.

Table 2: Federal Program Spending as a Percentage of Total State Spending by FFY

FFY	State Program Spending ²	Federal + State Match Spending	Total Spending	% Federal + State Match

Attachment A –List of Federal Awards Received for FFY 2023

In FFY 2023, state agencies received 388 federal grant awards for a total of \$17.79 billion, with \$5.8 billion in corresponding matching obligations. The largest award was approximately \$12.3 billion for Medicaid Payment Assistance. The State received \$43.4 million in various grants for COVID-19 related funding.

Indiana Federal Funding in Federal Fiscal Year 2023	
Total Federal Funding Received	\$17,956,925,211.13
Total State Match Funding	\$5,858,353,910.79
Total Maintenance of Effort Requirement	\$998,913,455.27
COVID-19 Funding	\$43,398,781.79
Total Awards	388

Notes: The state match requirements listed for each grant below are based on the agency's original estimated federal award and match amounts relative to the actual federal award amount as listed in the state's accounting system³. Differences between the sum of the match requirements listed below and the State's total matching obligations referenced above might occur due to the nature of matching funds in the accounting system, which are often shared between multiple grants.

Maintenance of Effort (MOE) levels for each grant are based on agency-reported figures. See page 16 for a note on TANF MOE that could impact the State's total MOE requirement for FFY '23.

⁴ If FSSA meets its target work participation rate for TANF funding, the corresponding MOE requirement is reduced to \$113,525,523.00. This would reduce the State's total MOE requirement for awards received in FFY '23 to \$991,345,087.27. FSSA will not know if it met the target work rate for TANF '23 until award reconciliation in May/June of this year.
