**End-of-Month Revenue Report
Notes to the Report
December 31, 2010**

1. The targets for the budget plan are based on the May 27, 2009, revenue forecast adjusted for the impact of legislative actions taken by the General Assembly in 2009.
2. Motor vehicle excise taxes, commercial vehicle excise taxes, and financial institutions taxes accruing to the State under HEA 1001-2008 were deposited into the General Fund monthly from July 2009 through November 2009. In December 2009 it was determined that the timing of those taxes was sufficiently unpredictable to make monthly targets unreliable. Beginning in December 2009 the motor vehicle excise taxes, commercial vehicle excise taxes, and financial institutions taxes accruing to the State were held separate from reported General Fund revenues and reported in June 2010. For comparison purposes, the revenues originally reported in July 2009 through November 2009 have been reported here as though they had been reported in June 2010.
