## 2023 City and Town Redistricting

- Cities and towns are required to take action regarding current city or town council districts by December 31, 2022. (formerly before November 8, 2022, if the city or town had not completed redistricting work by March 1, 2022)
  - If town determines redistricting is not required, must do recertification of current districts.
  - Any redistricting ordinance must be filed with the circuit court clerk of county where greatest percentage of population is located not later than 30 days after the ordinance or recertification is adopted
- Some redistricting standards have been relocated to new Indiana Code chapter IC 3-5-10, which will be in the supplement to the 2022 code. (HEA 1285 – 2022, which is now in effect and part of the state code)
- New redistricting not permitted at any other time before 2030 census (as always, some exceptions)
- Some small towns have abolished town council districts and can still do so.
- Be prepared to make changes to your precinct keys based on redistricting since candidate filing for the city elections starts January 4, 2023.
- If a county wishes to make changes to its PRECINCT boundaries, it must do so effective not later than January 31, 2023. IED will send out a memo about this with guidelines. Coordination with your city and town attorneys is critical. If you don't know who they are, find out!

# Cybersecurity

Counties must continue to enter into an agreement with the SOS for cybersecurity as long as funding is available from the federal or state government. There is no county funding required. (IC 3-5-4-12)

## Provisional Ballots

### Notice Requirement

- Repeals requirement that not later than 3 days after Election Day that each circuit court clerk provide notice to each provisional ballot voter on a form prescribed by the Indiana Election Division. This notice was added to the PRO-9 notice and instructions to provisional voter form.
- The county election board may use a module in SVRS that populates provisional ballot information onto a voter's page on Indianavoters.com to comply with the requirement to establish a free access system for provisional ballot voters to see if their ballot was counted and the reason if the ballot was not counted.

### SVRS Requirements

- The county election board is required to input into SVRS the name and address of each voter that completes a provisional ballot, the day and time the county election board will meet to determine the validity of the provisional ballot, whether the voter's provisional ballot was counted, and if the voter's provisional ballot is not counted, the reason the provisional ballot was not counted.
- The name and address of each voter that complete a provisional ballot, and the day and time the county election board will meet to determine the validity of the provisional ballot must be entered into SVRS and be added to the voter's profile on Indianavoters.com not later than twenty-four (24) hours before the county election board meeting to determine the validity of the provisional ballots or three (3) days after the election, whichever occurs first.
- Once the county election board makes a determination if the voter's provisional ballot can be counted or not counted, and not later than the deadline for the county election board to certified the election results of the county under IC 3-12-4-9, information on whether the voter's provisional ballot was counted or not, and reason(s) the voter's provisional ballot was not counted must be added to SVRS and populate to the voter's profile on Indianavoters.com.
