Re: Course Title and Descriptions 2018-19

The Indiana Department of Education is seeking approval for the 2018-19 Course Titles and Descriptions document.

2018-19 recommended updates include:

- Integration of the Certificate of Completion courses
- Social Studies – added “must be offered at least once per school year” to Ethnic Studies and Indiana Studies
- Engineering – changed “required” to “recommended” prerequisite for Engineering Pathway sequence of courses to allow for more local flexibility
- All other changes were cosmetic in nature
