RE: Recommendation for Gary CSC Funding – Turnaround School Operator withholding

Pursuant to I.C. 20-31-9.5-3(c) and 511 IAC 6.2-9-4(b), the State Board of Education (“Board”) is charged with determining the amounts of State Tuition Support and federal funds that are necessary to fund each turnaround academy. However, the timing of State Tuition Support payments and withholdings are controlled by statute, and with respect to withholdings, by contract. Pursuant to I.C. 20-43-2-1, the Indiana Department of Education (IDOE) must make State Tuition Support payments every 40 days. In furtherance of I.C. 20-43-2-1, the State Budget Director, each year, publishes a State Tuition Support payment schedule. For the month of July, the schedule requires State Tuition Support be paid on July 16, 2018. With respect to withholdings, the Innovative Network and Education Services Agreement between the Gary Community School Corporation (GCSC) and Edison Learning, Inc., the Turnaround School Operator (“TSO”), requires IDOE to make payment to the TSO in accordance with the schedule established by the State Budget Director.

Below is the methodology for payments made to the TSO. IDOE respectfully asks the Board to adopt IDOE’s recommendations based on the methodology below.

Recommendation for State Tuition Support Withholding – GCSC

Pursuant to I.C. 20-31-9.5-3(c) and 511 IAC 6.2-9-4(b), IDOE recommends the following amounts be withheld from the State Tuition Support payment to be distributed to GCSC from July 1 through December 31, 2018, and the same estimated amounts for the period of January 1, 2019, through June 30, 2019, to be used for operation of the turnaround academy:

Theodore Roosevelt Career and Technical Academy \$2,464,014.50 (6 months)

The recommended amounts are based on the following counts for the turnaround academy: December 1, 2017, special education child count multiplied by the applicable categorical amount for special education funding; April 2018 average daily membership (ADM) estimated count multiplied by the applicable amount for Complexity Grant and Basic Tuition Support funding;

the October 2017 graduation counts multiplied by the applicable amount for Honors funding; and the September 2017 career and technical education counts multiplied by the applicable amounts for Career and Technical Education funding.

Reconciliation: For the State Tuition Support Grants, IDOE will use the following counts to finalize all grant payments:

- September 2018 ADM count to determine funding for the Basic and Complexity Grants;
- December 1, 2018 special education counts to determine funding for the Special Education Grant;
- October 2018 graduate counts to determine funding for the Honors Grant; and
- September 2018 career and technical education counts to determine funding for the Career and Technical Education Grant.

All grant totals will be added together to determine State fiscal year funding to the TSO. IDOE will reconcile any over or underpayments in withholding and payments when actual counts are available for each grant type within the State fiscal year.

IDOE will reconcile the Basic and Complexity Grants in November; the Honors and Career and Technical Education Grants in December 2018, and the Special Education Grant in February 2019. During each reconciliation period, IDOE will recalculate and update grant amounts to reflect actual counts and adjust distributions to account for any over or under payment of the State Tuition Support funds. When changes occur, IDOE will notify the TSO and the GCSC Superintendent.

The estimated FY2019 State Tuition Support and the July through December 2018 and January through June 2019 estimated amounts to be withheld from GCSC are as follows:

School	Est. ADM	Estimated FY2019 Basic Tuition Support Grant	Estimated FY2019 Complexity Grant	Estimated FY2019 Honors Grant	Estimated FY2019 Special Educ. Grant	Estimated FY2019 Career and Tech Ed Grant	Estimated FY2019 Totals	6 month estimate for each period-fall and spring
Theod Roos.	594	\$3,179,088.00	\$1,296,197.00	\$0	\$282,504.00	\$170,240.00	\$4,928,029.00	\$2,464,014.50
