

INDIANA STATE BOARD OF EDUCATION

TO: Indiana State Board of Education
FROM: Alicia Kielmovitch, Senior Director of Policy and Legislation, Chad Ranney, Deputy General Counsel, and Jordan Johnson, Legislative Fellow
RE: Application to Establish the Coalition of Continuous Improvement School Districts
DATE: June 1, 2018

Recommendation: Approve the application to establish the Coalition of Continuous Improvement School Districts (CCISD).

Issue Summary: This memorandum serves as an overview the application for the Coalition of Continuous Improvement School Districts, established by HEA 1398 during this past session. This legislation provides that the SBOE may approve a coalition of continuous improvement school districts. HEA 1398 also allows certain statutes or rules, such as the curriculum standards, to be suspended for coalition members. SBOE may approve one coalition of four to eight school districts for the 2018-19 school year to improve student performance, offer flexibility of educational programs, promote innovative instructional strategies, and create systems level changes for students spanning PreK through workforce and higher education.

Legal Summary: This bill allows the SBOE to approve a coalition of school corporations for innovation. As defined in statute the SBOE has the following responsibilities:

- SBOE may approve one coalition of four to eight school districts improve student performance, offer flexibility of educational programs, and promote innovative instructional strategies.
- The coalition will submit to SBOE the description of the educational programs that will be offered by the members and the specific goals and outcomes to be achieved. The plan will also contain how student performance will be measured.
- SBOE may approve a plan that requests a suspension of the curriculum standards, only if the suspension of the standards is related to the specific goal.
- Following the plan's approval, SBOE shall post on its website a copy of the plan and information on how school corporations may submit applications to join the coalition. Coalition members may also recommend to the SBOE applicants to join.
- SBOE may revoke a coalition member's membership if that member has not met the specific goals or outcomes set forth in the coalition's plan.

Membership: The application for the CCISD is comprised of seven school districts across the state:

1. **Batesville Community School Corporation:** located in Franklin and Ripley counties. The district enrolls 2,200 students, with 28% qualifying for free and reduced lunch.
2. **Concord Community Schools:** located in Elkhart. The district enrolls 5,200 students, with 55% qualifying for free and reduced lunch.
3. **Crothersville Community Schools:** located in Jackson County. The district enrolls 459 students, with 55% qualifying for free and reduced lunch.
4. **Greater Clark County Schools:** located in Clark County. The district enrolls 10,000 students, with 57% qualifying for free and reduced lunch.
5. **Goshen Community Schools:** located in Elkhart County. The district enrolls 6,600 students, with 65% qualifying for free and reduced lunch.
6. **Elkhart Community Schools:** located in Elkhart County. The district enrolls 12,000 students, with 65% on free and reduced lunch.

INDIANA STATE BOARD OF EDUCATION

7. **MSD of Decatur Township:** located in Marion County. The district enrolls 6,800 students, with 64% qualifying for free and reduced lunch.

Additional school districts can apply to join the CCISD beginning in the 2019-2020 school year. To join the CCISD districts will submit an application to the coalition, and the coalition will make a recommendation to the SBOE. The legislation provides that in 2019-20 no more than 12 districts will be in the CCISD and no more than 16 in 2020-21.

Allowances for Flexibility: HEA 1398 allows the SBOE to suspend certain laws for members of the coalition. The SBOE may suspend the following:

- IC 20-26-12-1. Mandatory purchase and rental; public school students.
- IC 20-26-12-2. Purchase and rental fee; limitations.
- IC 20-26-12-24. Local curricular material selection.
- IC 20-26-12-26. Mandatory offer to purchase textbooks.
- 511 IAC 6.1-5-5. Textbooks.

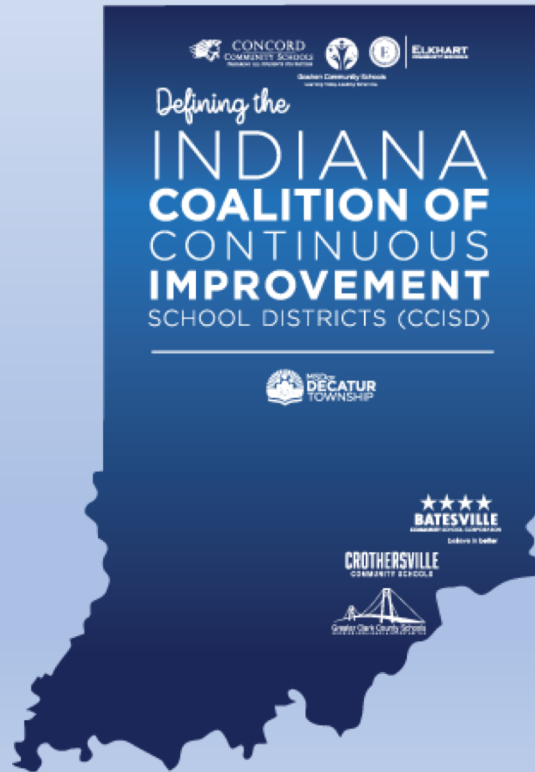

CCISD identified as the two issues requiring immediate attention as: 1) flexibility around course sequences and requirements, and 2) flexibility around teacher licensure.

Flexibility around course sequences and requirements: Coalition members must comply with the all graduation requirements, including the new Graduation Pathways policy, but a district can create flexible course sequences and alignments that are not affiliated with the requirements of a Core 40 diploma. As an example, Coalition members would be allowed to offer alternate courses and/or work-based learning experiences with the same rigor as Algebra 2. If a district establishes those alternate courses and/or experiences, parents must provide their consent to enroll the student.

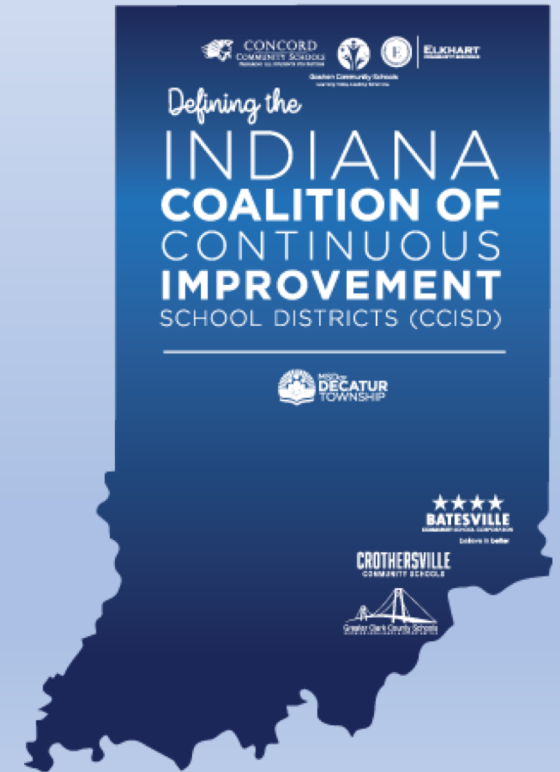

Flexibility around teacher licensure: CCISD members have flexibility regarding teacher licensure. CCISD members may establish their own local district teacher license. These district licenses do not have to be accredited by the Council for the Accreditation of Educator Preparation (CAEP.) However, these temporary licenses must follow IC-20-26-5-10 (Criminal background checks). One benefit is that temporary licenses would enable more people to become educators in Career and Technical Education.

Moving Forward: The state board may revoke a coalition member's membership in the CCISD if it is determined that the member has not met the specific goals or measurable student outcomes. CCISD members will submit biannual academic reports to the SBOE and meet with the SBOE staff liaison monthly. The SBOE staff liaisons for the CCISD is Alicia Kielmovitch and . Beginning in 2019, the Department of Education will submit an annual report to the legislative council on the fiscal impact on each CCISD member. The annual report will provide information regarding teacher compensation, student employment, student compensation from the CCISD, and graduation rates.

The Coalition of Continuous Improvement School Districts (CCISD)

The Coalition of Continuous Improvement School Districts (CCISD) is a coalition of seven school districts representing small, large, rural, suburban, and urban districts united to focus on innovative ideas, improving student learning, and taking purposeful risks to better serve all students in Indiana. When granted flexibility to eliminate barriers that inhibit student achievement or outcomes, CCISD will learn from each other, cultivate innovative best practices and serve as model districts for other schools to replicate student successes.

The Coalition of Continuous Improvement School Districts (CCISD)

The initial cohort of seven school districts; Batesville Community Schools, Concord Community Schools, Crothersville Community Schools, Greater Clark County Schools, Goshen Community Schools, Elkhart Community Schools, and Metropolitan School District of Decatur Township, will implement their own respective strategies to promote student success for the over 44,000 students they collectively serve.

The Coalition of Continuous Improvement School Districts (CCISD)

The vision of the CCISD is to act as purposeful risk takers disrupting the status quo to meet the needs of our diverse learners. Our mission is to challenge traditional thinking and construct brighter futures through collegiality with a focus on research-based practices. As a coalition, we believe that we must:

- Serve as a think tank;**
- Maintain openness to ideas;**
- Identify the horizon and be on the edge of change;**
- Cultivate key partnerships;**
- Build bridges that span organizations for the advancement of workforce development;**
- Overcome resistance; and**
- Embrace change for betterment of student success**

Defining the
INDIANA COALITION OF CONTINUOUS IMPROVEMENT SCHOOL DISTRICTS (CCISD)

VISION
 Act as purposeful risk takers to meet the needs of our diverse learners, by challenging the status quo.

MISSION
 Challenge traditional thinking, construct brighter futures, through collegiality, with a focus on research based practice.

OUR DEFINITION OF INNOVATION AS ADAPTED FROM EDWEEK

A product, process, strategy, or approach that improves significantly the status quo and reaches scale.

In terms of the Indiana Coalition of Continuous Improvement School Districts, we believe this means spreading our influence to other School Districts in Indiana and surrounding states.

WHY IS THE COALITION IMPORTANT?

The Coalition empowers school districts by engaging in meaningful conversations about improving student learning, by taking purposeful risks to better serve all students in Indiana, and by collaborating with the State Board of Education and other education stakeholders.

Student success is effectively influenced by innovation.

CORE BELIEFS

AS A COALITION, WE STRIVE TO...

Serve as a think tank

Cultivate key partnerships

Overcome resistance

Maintain openness to ideas

Identify the horizon, and be on the edge of change

Build bridges that span organizations for the betterment of workforce development

Embrace change for betterment of student success
