Subject: Extending State Accreditation – Indiana University Southeast School of Education

During its April 26, 2021 meeting, the Accreditation Council of the Council for the Accreditation of Educator Preparation (CAEP) granted the following program accreditation with stipulations at the initial-licensure level and advanced-level:

Indiana University Southeast School of Education

Accreditation status is effective through spring 2023. CAEP and the Indiana Department of Education (IDOE) will conduct a virtual site visit in fall 2022 to review additional provider data, including information regarding the clinical experiences required of candidates in each advanced program. The results of this visit will be shared with the Indiana State Board of Education along with a recommendation from IDOE regarding continued state accreditation status.

IDOE would like to congratulate the faculty, staff, and administration at Indiana University Southeast for their hard work and dedication to our future educators.

SBOE action needed: As provided in 511 IAC 13-1-1, IDOE requests the Indiana State Board of Education recognize the decision of CAEP and approve continued state accreditation for Indiana University Southeast through spring 2023.
