Re: Special Education Child Count

Indiana Code 20-43-4-4 provides that the State Board of Education shall monitor changes that occur in the number of students enrolled in programs for students with disabilities.

This memo provides the count of students by primary disability. The first table lists the unduplicated special education Adjusted Pupil Count (APC) taken from special education data collections reported as of April 1, 2025. The second table lists the Preschool Count taken from the data collections reported as of April 1, 2025. Both tables provide comparisons to the totals between this year's counts and the counts taken as of April 1, 2024. The intervening December 2, 2024 count is provided for reference.
