Re: E-Lien ELT IDs

The BMV recently began issuing titles with electronic liens (E-Lien) attached to them. Doing this allows lienholders to manage their liens on titles without storing hardcopy documents and is the first stage in a multi-stage effort to bring true e-titling to Indiana.

Today, we proudly announce the onboarding of two certified Service Providers who serve 130 lienholders currently participating in the E-Lien program with the BMV...and the list is growing!

To find the list of participating lienholders, visit <https://www.in.gov/bmv/titles/electronic-lien-and-titling-overview/> and select E-Lien Lienholder ID Numbers tile as shown below. The ELT ID Number of the respective lienholder must be utilized to report an E-Lien.

Any questions about the E-Lien program can be directed to ELTHelpdesk@bmv.in.gov. As a reminder, the BMV is a separate agency from the Auto Dealer Services Division. A copy of this memo can be found at <https://www.in.gov/sos/dealer/>.
