## Media Information guide for Indiana 2014 General Election

Members of the Indiana, National and Foreign Press Corps:

Welcome to Indiana! If you are not lucky enough to call our state home, we hope that you enjoy your time here. Hoosiers are ready to make their mark on the national, state and local political scene during our November, 2014 General Election.

Our local election officials, in conjunction with over 30,000 poll workers statewide, continue to drive Indiana's successful election process. Their behind-the-scenes efforts over many months will allow our citizens to successfully exercise our most sacred civic duty– the right to vote.

### What's new & important reminders:

- Many services for voters are available on-line at [www.IndianaVoters.com](http://www.IndianaVoters.com)
- The IndianaVoters.com mobile app is now available for download
- Voters in 16 Indiana "vote center" counties can vote at any county poll location.
- Some military and overseas voters will vote on-line.
- Indiana voters can preview ballots and candidates at [www.IndianaVoters.com](http://www.IndianaVoters.com)
- Voters can call 1-866-IN-VOTE for individual assistance now through Election Day (toll free: 1-866-461-8683).

This update includes information designed to give you an overview of state and local governments' role in the General Election, as well as background information to help you inform your readers, listeners and viewers about the election itself. If you have any questions, comments or concerns, please do not hesitate to contact my office through any of the numbers provided.

Sincerely,

Connie Lawson  
Indiana Secretary of State

**Indiana Voter Statistics**

As of October 15, 2014, Indiana has 4,591,054 registered voters, according to the Statewide Voter Registration System.\*

**Current Statistics on Absentee Ballots in Indiana:**

As of October 14, 2014, approximately 59,321 Indiana voters have been mailed or have voted via an absentee ballot. To date, approximately 64% of those voting absentee have voted by mail and approximately 24% have voted absentee in-person. \*\*

In 2012, Indiana voters cast 590,445 absentee ballots in the General Election.

In 2010, Indiana voters cast 258,320 absentee ballots in the General Election.

In 2008, Indiana voters cast 662,443 absentee ballots in the General Election.

In 2006, Indiana voters cast 170,552 absentee ballots in the General Election.

In 2004, Indiana voters cast 260,550 absentee ballots in the General Election.

For an in-depth profile of Indiana's demographics, geography, education, income, health, labor force statistics, and other information, please visit: <http://www.stats.indiana.edu> or the Indiana Department of Workforce Development at: <http://www.hoosierdata.in.gov> .

*\*Please See Attachment A, for a county-by-county breakdown of voter registration numbers.*

*\*\*Please See Attachment B, for a county-by-county breakdown of absentee ballot information.*

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

**2010 U.S. Census/2011 Redistricting**

In 2011, the Indiana General Assembly passed legislation adopting Indiana's current Congressional, State Senate and State Representative districts, based on data obtained from the 2010 U.S. Census.

As a result of the newly adopted district lines, precinct boundaries may have changed resulting in a change in a voter's polling location. Voters can confirm the location of their polling location as well as the status of their voter registration by visiting [www.IndianaVoters.com](http://www.IndianaVoters.com), downloading the Indiana Voters Mobile App., or by contacting **1-866-IN-1-VOTE** (866-461-8683). The voter may also obtain this information by contacting the Indiana Election Division (1-800-622-4941) or their county clerk, or the county board of voter registration.

No later than Saturday, October 25, 2014, the county commissioners (or in Marion County, the Mayor of Indianapolis) are required to publish a notice of the location of voting for each precinct. IC 3-11-8-3.2.

**Indiana's Voter ID Law**

Passed during the 2005 legislative session, Indiana's Voter ID Law requires Indiana residents to present a photo ID before casting a ballot at the polls on Election Day. Since its enactment, the photo ID law has been successfully used in several local, state, and federal elections.

To be acceptable for voting purposes, an ID must meet the following four (4) criteria. The ID must:

1. Display the voter's photo.
2. Display the voter's name, which must conform to the name on the voter registration record (*an explanation of acceptable name variation follows*).
3. Display an expiration date that is either current or expired **no earlier** than the date of the last Indiana General Election (*in this case, November 6, 2012*). However, a document issued by the U.S. Department of Defense, a branch of the uniformed services, the Merchant Marine, the Indiana National Guard, or the U.S. Department of Veterans Affairs that otherwise complies with these

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

requirements is not required to include an expiration date, or may state that the document has an indefinite expiration date.

4. Issued by an agency of the State of Indiana or the U.S. government.

Generally, an Indiana driver's license, Indiana photo ID card, U.S. Passport or military ID is sufficient. Exemptions exist for the indigent, those with a religious objection to being photographed and for elderly or disabled individuals living in state-licensed facilities where a precinct polling location is also located.

Persons with limited incomes, those with religious objections and those who forget to bring adequate identification to the polls may cast a **provisional ballot** at the polls without photo identification. Individuals voting **absentee-in-person** (sometimes called "early voting") at a county election office must have an acceptable ID. However, a voter could vote without an ID if they can affirm by sworn affidavit at that time that they cannot afford an ID or have a religious objection to being photographed.

Persons voting absentee-by-mail are not required to show a photo ID (*under the rationale that a photo would do nothing to prove identification without the person also being there for comparison*). Absentee balloting-by-mail is available to **anyone** who meets the required criteria. Voters who qualify to vote absentee-by-traveling board, including the home bound, are **not** required to show photo ID (*For more information on the absentee ballot process and traveling boards, please see page 12*).

The name on the photo ID must conform to the name on the voter registration record, however, the name does **not** have to be an **identical match**. For example, common nicknames for first names or substitute middle names for a given first name qualify under the statute. Also, initials as a substitute for a first or middle name are an acceptable variation.

Voters who have changed their name due to marriage, adoption or divorce may rely on Indiana's long-standing change of name procedures. Indiana allows a voter to provide the current version of their name by simply writing their new name on the precinct poll list next to their current entry (*see IC 3-7-41*).

Voters can also update their voter registration information at the polling site by using the VRG - 4/12 form. This form is available at the polls and allows a voter who has either moved less than 30 days before the election or moved anytime within the same county and congressional district to vote one (1) final time at their previous precinct. Voters are required to provide their new address on the form which will lead to their voter registration being updated after the election.

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

**Indiana Bureau of Motor Vehicles**

State law requires that the Indiana Bureau of Motor Vehicles (BMV) provide *free* photo identification to citizens who do not already have a valid photo ID that meets state requirements for voting. For additional information, please visit <http://www.photoID.in.gov>.

All BMV locations that normally issue driver licenses and ID Cards will have extended hours (8:30 AM to 8:00 PM) on Monday, the day before the election. **All BMV locations will also be open on Election Day from 6:00 A.M to 7:00 P.M.**

From 2006 through 2014, the BMV has issued over 1,608,500 free photo-ID cards that may be used for voting purposes. In calendar year 2013, 201,827 photo-ID cards were issued and in 2014, 169,773 photo-ID cards have been issued.

Identification card applicants who are 65 years or older and can attest that they have never been issued a birth certificate because their birth was never recorded with a state office of vital statistics may present other forms of identification as a primary document, along with the necessary secondary document, for an Indiana identification card.

**Indiana Department of Health**

Generally, a birth certificate is required to obtain an Indiana Driver's License or non-driver photo-ID. Certified copies of birth certificates are available from the Indiana State Department of Health (ISDH) or from a local health department office in the county where the birth occurred. Requests for birth certificates must be accompanied by specified forms of identifying documentation (one form of a primary document, or two of several types of secondary documents).

Birth records in the ISDH (Vital Records Office) begin with October 1907. Prior to October 1907, records of birth were filed *only* with the local health department in the county where the birth occurred.

Individuals seeking birth certificates can apply on the ISDH Vital Records Office website (<http://www.in.gov/isdh/20444.htm>) or in person at their local county health department. Birth certificates cost \$10 for the first certified copy and \$4 for each additional copy.

Voters should contact Vital Records Office at **1-866-601-0891** or visit <http://www.in.gov/isdh/20444.htm>. The ISDH Vital Records Office is located at 2 North Meridian Street, Indianapolis, IN 46204. For more information, please visit <http://www.in.gov/isdh/>.

SECRETARY OF STATE  
STATE OF INDIANA

Secretary of State

**Help America Vote Act Outreach and Information Initiatives**

**Traditional Advertising**

Education and outreach efforts have been a primary deliverable of the Indiana Secretary of State's Office since the allocation of Help America Vote Act (HAVA) funding. This effort has been continued by the Secretary of State's office with the creation of a Voter Education Outreach Fund in the 2013 legislative session. The purpose of this fund is to help educate and reach out to Hoosier citizens concerning their voter rights and responsibilities.

For the November 2014 General Election, the Secretary of State Election Division will spend approximately \$750,000 to encourage Hoosiers to get out and vote. This voter outreach campaign will highlight the story of DeKalb County resident Henry Shoemaker, who's one vote drastically changed the United States of America. Shoemaker's story will be shared with Hoosiers via TV, radio, print, and Internet advertising.

**Outreach Publications**

The Secretary of State Election Division produces publications for the education of voters, election administrators and poll workers. These publications, all including information on Indiana's photo ID requirements, totaled more than \$85,000 for 2008, \$63,000 for 2010, \$35,500 for 2012 and \$44,000 for 2014. This information is distributed free of charge to Indiana county clerks, public libraries and the public. The publications include:

- **Education publications:** Indiana Voter Information Guide (*English and Spanish*), 5 Things You Need to Know on Election Day Postcard and Military & Overseas Voters' Guide
- **Poll Worker Publications:** Indiana Election Day Handbook and Poll Worker Brochure
- **Election Administration Publications:** Indiana Election Day Handbook, Voter's Bill of Rights (*English and Spanish*) and Photo ID chute posters (*English and Spanish*)

All of these publications are available for viewing and downloading on the Secretary of State's website at: <http://www.in.gov/sos/elections/3357.htm>.

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

**Military and Overseas Voters**

Indiana counties continue to assist military and overseas voters in their efforts to cast ballots. The State of Indiana participates in a service offered by the Federal Voting Assistance Program (FVAP) of the US Department of Defense which allows military and overseas voters to receive and cast ballots via fax or e-mail. The Electronic Transmission Service can deliver fax and email communications via secure means to and from military and overseas voters and county election administrators.

Information regarding FVAP and other important information regarding military and overseas voting is available on the Secretary of State's website in the Military and Overseas Voter Guide. This guide is designed to explain and answer election-related questions for those Hoosiers that are serving or living aboard. The guide may be accessed here: <http://bit.ly/1k58JeD>

As of October 14, 2014, approximately 905 absentee ballots have been issued to military and overseas voters. 488 of the military ballots have been transmitted by email.

**Absentee Voting**

Voting by Absentee Ballot has become a major part of elections in Indiana. As of October 14, 2014, approximately 59,321 Hoosiers have been sent absentee ballots. Approximately 37,981 of the ballots have been transmitted by mail, 14,185 in-person at the County Clerk's office or satellite office and 2,961 by traveling board. See Attachment B for a county-by-county breakdown of absentee voting.

**Absentee Voting By Mail**

If a qualified voter wishes to cast an absentee ballot by mail, the voter must submit an application (ABS-Mail) to the county election board. The application can be submitted via fax, mail or hand delivered. ABS-Mail applications can be obtained by visiting [www.IndianaVoters.com](http://www.IndianaVoters.com), calling 1-866-IN-1Vote or the Indiana Election Division at (317.232.3939) or contacting your County Clerk's office. Applications are due to the county election board by 11:59 p.m. on the second Monday before Election Day (October 27<sup>th</sup>).

If a third party has custody of another person's completed absentee application, they must indicate on the absentee ballot application the date in which they received the application. They must also deliver the application to the county election board no later than ten (10) days after receipt.

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

The county election board must process the application within twenty-four (24) hours of receipt, unless the application is challenged. If the application is approved, a ballot and secrecy envelope is mailed to the voter's preferred mailing address. When the voter completes the ballot and signs the affidavit on the secrecy envelope, it may be placed in the U.S. mail, delivered in-person by the voter or a member of the voter's household or delivered via bonded courier to your local county election office.

## **Absentee Voting In-Person**

Voters may cast an absentee-in-person ballot from 28 days prior (*October 7, 2014*) to Election Day up to noon the day before the election for any reason. In-person absentee ballots can either be voted on OS (paper) or DRE voting machines. Electronic in-person absentee ballots are only permitted for voters in counties that use ***central count absentee counting procedures***. Individual ballots are tracked in the DRE with a unique identifier should the need arise to spoil or disqualify an individual vote. (*For example, if a voter has cast an absentee ballot, but dies prior to Election Day, state law requires the ballot be rejected.*)

## **Absentee by Traveling Board**

Confined voters and those caring for confined voters can request to have a confined voter board, or traveling board, bring an absentee ballot to their location. The traveling board is a bipartisan board that may also assist voters in completing the ballot if requested.

All voted absentee ballots are then stored in a secure location at the county election board for counting on Election Day at either the polling location or at the county election board if the county is a central count county. On Election Day, bipartisan teams of election commissioners deliver absentee ballots to the appropriate precinct where it is counted with the votes cast on Election Day. In central count counties, ballots remain at the election board, where they are counted and added to the precinct totals at the end of the day. In order for a county to be a central count county, a unanimous resolution must be passed by the county election board prior to Election Day.

## **Recent Absentee Ballot Reform**

During the 2003 and 2005 legislative sessions, the Indiana General Assembly passed requirements making it more difficult to commit absentee vote fraud and made the consequences of such behavior more severe. Some of these changes include Absentee Voter's Bill of Rights (IC 3-5-8-2.5 & IC 3-11-10-25). Counties must provide all absentee voters with a statement describing: 1) their rights and responsibilities; 2) laws covering assistance that may be given to an absentee voter, completion of ballots in secret and return of a voted ballot; and 3) how election law and absentee ballot law violations

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

are reported.

- In the absentee ballot application, the voter must indicate the reason they qualify for absentee voting by mail, sworn under the penalties of perjury. (IC 3-11-4-18 & IC 3-11-10-24).
- Absentee ballot applications must be signed by the voter (*except the disabled*). Anyone assisting an absentee voter must acknowledge certain statements, sworn under the penalties of perjury. (IC 3-11-4-2 & IC 3-11-4-5). Persons assisting absentee ballot voters must be fully identified on the application.
- Restrictions were placed on the pre-completion of absentee ballot applications by persons other than the voter. (IC 3-11-4-2 & IC 3-11-4-5).
- Only the absentee ballot voter, a family member, a postal employee, a bonded courier or an individual properly appointed as the voter's attorney in fact may mail or deliver a voted absentee ballot. (IC 3-11-4-2 & IC 3-11-4-5).
- The crime of "electioneering" (*a class A misdemeanor*) may not be committed in the presence of a voter known to possess their absentee ballot. (IC 3-11-4-18 & IC 3-14-3-16).
- Challenged absentee ballots convert into provisional ballots for consideration by the County Election Board. (IC 3-11.5-4-15)
- A voter may submit an absentee ballot application at any time for the next election during an open voter registration period.

**How Hoosiers Report Issues on Election Day**

Indiana citizens can file complaints with the Help America Vote Act team in the Office of the Indiana Secretary of State regarding polling location accessibility or any concerns regarding possible fraudulent activities on Election Day. Hoosiers may make contact by calling the toll-free number at 866-IN1-VOTE (866-461-8683). HAVA staff is on hand every business day of the week throughout the year, as well as from 6:00 AM to 7:00 PM EST on Election Day.

Hoosiers may also complete the Indiana Voter Fraud and Accessibility Grievance affidavit form located on the Secretary of State website at <http://www.in.gov/sos/elections/2653.htm>. Those who complete and file this form are

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

advised to have it notarized to assist investigators and prosecutors. The form is filed with the HAVA office and distributed to the proper agency for investigation and action.

Historically, Hoosiers contact the HAVA team on Election Day to receive information on the location of their polling site. Those who file grievances have issue(s) with the election process or complaints about the behavior of others around the polling site. Many complaints are taken care of immediately by contacting local election administrators to quickly deal with an issue under local jurisdiction. A small number are investigated by the state and materials are forwarded to local prosecutors if necessary.

## **The Election Process and Election Official Organization**

Voters in Indiana cast their ballot at either an assigned precinct location or at a vote center location. Most of Indiana's 92 counties utilize the traditional precinct-based voting model where every voter is assigned to a precinct and casts a ballot at a specific polling location. In a voter center county, an eligible voter is permitted to cast a ballot at any one of the county's vote center locations (*For more information on vote centers, see the next section of this guide*).

In both precinct-based and voter center counties, the voter's ballot is received by a precinct election board, which administers the election at its polling location. Precinct election officials (poll workers) are appointed by the county clerk (*or in some counties, a county election director*). The county clerk administers elections at the county level as a member of a bipartisan county election board, which consists of 3-5 members.

County election officials are provided with information and guidance regarding election laws and procedures by state officials including the Secretary of State, who serves as Indiana's Chief State Election Official; the Indiana Election Commission, a four (4) member bipartisan administrative body; and by the Secretary of State Election Division, an agency headed by bipartisan Co-Directors.

## **Vote Centers**

A vote center is a polling location where any registered voter in the county may vote as long as the voter lives in the district holding the election. In a county that has adopted vote centers, there is no wrong place to vote in the county. Unlike precinct-based voting, a voter is not limited to a specific polling location. Vote centers are more efficient, more convenient for most voters and provide voters with the flexibility to choose where they will vote.

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

Under the old precinct system of voting, every polling location had five (5) workers whether 20, 200, or even 1,000 people voted. In the vote center model, counties have the flexibility in staffing each vote center with the most efficient number of workers for each location. The reduction in poll workers can provide counties with significant savings in election-day workforce payroll and precinct supply and equipment needs. It also allows the counties to seek out and recruit the most effective poll workers.

This is particularly important, because vote centers are required by statute to use an ePollbook to ensure that no voter is permitted to cast their ballot at more than one location. The ePollbook requirement creates a demand in vote center counties to have workers that possess computer knowledge and skills.

## **The History of Vote Centers**

The Indiana Secretary of State's office led a delegation of Hoosier lawmakers and local election officials to Larimer County, Colorado in 2005 to view vote centers in operation. The group quickly discovered that vote centers were more efficient, cost effective and strongly supported by voters. While a member of the Indiana General Assembly, Secretary of State Connie Lawson was instrumental in getting the 2006 law passed that permitted the selected three (3) counties to serve as pilots for vote centers.

From 2007 to 2010, the Vote Center Pilot Program was conducted in three (3) Indiana counties: Cass, Wayne and Tippecanoe. The purpose of the pilot program was to determine if vote centers were a viable option for election administration in the State of Indiana. After three (3) years and numerous elections, the vote centers program proved a success. In 2011, while still serving as a state Senator, Secretary Lawson carried the legislation that gave all Indiana counties the option to adopt the vote center model.

Since the passage of this legislation in 2011, Sixteen (16) additional counties have submitted vote center plans to the Indiana Election Division. Vanderburgh County conducted their first election using vote centers in November 2011. Blackford, Johnson and Switzerland counties used vote centers for the first time in the 2012 election. Floyd, Hancock, Miami, Noble, Vigo, Carroll, Clay, Elkhart and Wabash utilized vote centers for the first time in the 2014 Primary Election. Bartholomew, Boone, and White Counties have adopted vote centers, but will not begin using them until the 2015 municipal elections.

In 2013, Secretary Lawson traveled the state to discuss vote centers with county clerks and other county officials. She collected feedback from current vote center clerks and those that attended one of 13 regional vote center meetings. Secretary Lawson's goal

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

was to provide those interested in vote centers the information necessary to decide whether vote centers were a good idea for their county and also to collect feedback on vote center best practices and concerns from around the state.

The purpose of this report is to provide a summary of the information we have gathered over the past few months for the benefit of counties that are still investigating, considering and deliberating about the vote center model. To view the report, please visit <http://bit.ly/1hJhXwk>

For additional information on the Indiana Vote Center Program and to view the counties' vote center plans visit the website [www.VoteCenters.IN.gov](http://www.VoteCenters.IN.gov).

## **The Life of an Indiana Ballot**

This next section walks through the life of the ballot. There are several steps for the ballot to go through before being fully counted and preserved.

### **1. The ballot is printed or programmed.**

In Indiana, all ballots are printed or programmed by county election officials, not by the state. After the candidates are certified to appear on the ballot, county election officials work with their voting system vendors to prepare and proof the election ballots. Some ballots are printed on specially prepared paper to be optically scanned by automatic tabulating devices. In counties using electronic voting systems, the ballot is programmed to appear on each voting system. Each type of ballot must include instructions to the voter about how to mark the ballot and other information regarding Indiana election law.

### **2. The ballot is provided to the voter.**

The first ballots are provided to the voters through the absentee process. Some absentee ballots are mailed by county election officials to voters while other ballots are delivered to confined voters by a county absentee traveling board. Any voter can receive an absentee ballot by appearing in person at the county election board before Election Day.

If an absentee ballot is lost in the mail, spoiled by the voter or otherwise defective, a voter may be able to request that a replacement absentee ballot be provided.

County election officials deliver ballots to the poll workers for use by the voters on Election Day at precinct polling locations or at vote centers. After the voter signs the poll list, an optical scan paper ballot is initialed by poll clerks and provided to the voter.

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

Where an electronic voting system is used, the system is set to display the ballot for the voter to cast a vote.

If the voter spoils an optical scan ballot at a polling location, the voter is entitled to request a replacement ballot to cast a vote. A voter can also change or correct a vote on an electronic voting system before casting the ballot.

**3. The ballot is returned by the voter.**

At the polling location, an optical scan paper ballot is returned to an election judge, who will process the ballot through the optical scanner if ballots are tabulated at the precinct. If the ballots are to be tabulated at a central county location, the judge will secure the voted ballot in a ballot box that is often a compartment in the optical scan voting system.

Absentee ballots are returned by the voter to the county election board, either in person, by mail, or by the traveling board. When an absentee ballot is received by the county election board, the board secures the absentee ballot until Election Day in a “dual lock” storage area with the county election board member affiliated with one of the major political parties each having their own key to prevent unauthorized access to the absentee ballots.

**4. The ballot is processed by the precinct election board or county election board.**

If ballots are counted at the precinct, the precinct election board counts the ballots after the polls close and voting system are secured.

To count the ballots cast on an electronic voting system, the poll workers print out the results from memory cartridges in the voting system. These printouts are long, thin paper strips which list the total votes cast on that voting system for each candidate on the ballot.

The optical scan ballots, memory cartridges, lists of voters and other documents are then taken from the precinct polling location to the county election board by the inspector and the judge of the other major political party.

Absentee ballots have traditionally been taken to each precinct for processing by the precinct election board. After the polls open, the inspector may process the absentee ballots and the absentee ballots may be tabulated.

State law also permits county election boards to choose to have absentee ballots processed at a central location and not send the ballots themselves to the precincts for processing. An absentee ballot received by a central count county is processed on Election Day at the county’s central location by a bipartisan counting team.

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

When ballots are returned to the county from the precincts, the county election board begins preparing a compilation of the precinct returns or a “canvass”. The canvass includes the vote totals returned by the precincts along with vote totals for a precinct that are tabulated by the county election board at a central location.

The first phase of the canvass is usually completed by the county election board on election night. However, the canvass is not complete since the county election board must wait to see whether the county receives any ballots mailed from overseas voters no later than Election Day. The county election board must also determine whether any provisional ballots are to be counted. This phase of the canvass is not complete until 3 p.m., 10 days after the election.

**5. The ballot is secured and preserved.**

After the canvass is completed, the circuit court clerk is required to seal the ballots and preserve them for at least 22 months after the election. The individual ballots remain confidential and are available for inspection only during a recount or election contest proceeding or in response to a court order.

**After the Election: The Statewide Results Process**

Since 1998, the Indiana Election Division has published election night results for federal and state level races on its website with the voluntary cooperation of Indiana’s 92 county election boards.

**The Counting Process:**

Indiana state law requires counties to begin counting votes cast in the General Election immediately after the polls close at 6 p.m., prevailing local time.

The polls in the 12 counties of Gibson, Jasper, Lake, LaPorte, Newton, Perry, Porter, Posey, Spencer, Starke, Vanderburgh and Warrick close at 7 p.m., Indianapolis time. The polls in the remaining 80 Indiana counties close at 6 p.m., Indianapolis time.

In most counties, ballots are counted first at local polling locations by precinct election officials. These officials then travel on election night to a central counting location (often the county courthouse) to report the precinct election results to the county election board.

In other counties, ballots are not counted by precinct election officials, but are returned to the central counting location (often the county courthouse) where each precinct’s ballots are counted by the county election board or designated county election board employees.

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

As a result, some precinct level election results will be available from the counties before county level results are published on the Election Division website. The Election Division website is designed to be statewide and comprehensive in scope.

The election night returns presented on the Election Division's site include votes cast for:

- Secretary of State,
- Auditor of State
- Treasurer of State
- U.S. Representative (All 9 seats);
- Indiana State Senator (25 of the 50 seats);
- Indiana State Representative (all 100 seats);
- Judges of the Circuit & Superior Courts in several counties;
- Prosecuting Attorneys & County Sheriffs in each county;
- Clerks of the Circuit Court, County Auditor, County Recorder, County Treasurer, County Coroner, County Surveyor, County Assessor, County Commissioner, and County Council Members in several counties;
- Town Council Members, Town Clerk – Treasurers, & Town Judges in towns which have chosen to stagger terms, or elect all town officials during 2014;
- A local public question may be placed on the ballot in certain counties;

Complete or partial returns from each county will be posted on the website continuously on election night, as they are received from each county. Data entry will cease at midnight and resume the morning after Election Day until reporting is complete.

The results posted on the website are unofficial and may change due to the counting of provisional ballots or corrections in a county's official certification of results. **Official county results for all elections must be certified to the Election Division by November 17, 2014.** The election results are then final, unless a recount is ordered in a race.

Secretary of State

## **Voting Technology: Voting Systems and the Statewide Voter File**

### **Indiana's Voting Machine Systems**

Indiana's 92 counties will use over 10,000 voting machines distributed throughout approximately 3,400 polling locations. In the 2014 General Election, sixty-two (62) counties use voting machines that are direct record electronic (DRE) type. Thirty (30) counties primarily use voting machines that are the optical scan (OS) type. Most counties use a combination of these voting system technologies. Since 2004, over \$40 million in federal, state and county funds have been invested in upgrading Indiana's voting equipment and technology. (*see Indiana Voting Systems by County* <http://www.in.gov/sos/elections/2660.htm>).

At their choosing, Indiana counties independently select and form individual contracts with voting system vendors. All voting equipment used in elections in Indiana has been subject to independent testing and certified by the Indiana Election Commission (IC 3-11-7 and 7.5).

State laws prohibiting the sale, installation or permitted use of uncertified election equipment (*hardware, firmware and software*) are strictly enforced. The Secretary of State has enforcement authority in this area (IC 3-11-17) and can fine voting machine vendors up to \$300,000.00 per violation.

### **Indiana's Certified Voting Systems**

Indiana has certified two (2) types of voting systems for use in its elections: optical scan (paper) ballot card voting systems, and direct record electronic (DRE) voting systems. Traditional hand-counted paper ballots can also be used, but are typically only printed for city or town elections where the number of voters who cast these ballots would be small.

Optical scan ballot card voting systems permit a voter to cast a ballot on a specially printed paper ballot, which is coded to allow the voter's choices to be scanned and tabulated by the voting system.

Direct record electronic voting systems permit a voter to cast a ballot by touching a heat-sensitive spot on a screen which indicates the voter's choices (*in a manner similar to a person indicating choices by touching the screen at an ATM or in an elevator*). The voter's ballot is then tabulated by the DRE unit, with an image of each voter's ballot being stored in the DRE system.

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

As required by federal and state law, a voting system must be available in each polling location for use by voters with disabilities, such as a voter with a visual impairment.

The state has certified DRE voting systems which include features to permit a voter with disabilities to cast a ballot privately and independently. The state has also certified the ES&S AutoMARK Voter Assist Terminal for this purpose; this voting system combines features of both the optical scan and DRE systems.

State law provides that casting ballots on these voting systems is not limited to voters with disabilities; any voter who chooses to do so may cast a ballot on these voting systems.

Indiana voters cast ballots on the state-certified voting system model chosen by their county's elected officials. The following four (4) voting system vendors have models certified for sale and use in Indiana:

- Election Systems & Software
- Hart InterCivic
- MicroVote General Corporation
- Unisyn Voting Solutions

In some counties, other vendors provide support and service for voting systems purchased or leased from the vendors listed above.

Contact information for Indiana's certified voting system vendors can be found at <http://bit.ly/1sBCAPF>

Indiana counties have chosen a wide variety of certified voting equipment for use by their voters. Training videos demonstrating how most of these voting systems are operated by poll workers and used by voters can be found at <http://www.in.gov/sos/elections/2661.htm>.

### **ePollbooks**

An electronic poll book or an ePollbook system is an electronic, modernized version of the traditional paper poll list which has been used for decades. With traditional paper poll lists, poll workers compare a voter's ID with the names on the list before issuing a

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

ballot. The voter then signs the list next to their name and indicates whether or not the voter's address has changed.

The new ePollbooks will scan the bar code on the back of a voter's driver's license to permit poll workers to efficiently locate the voter's record and to ensure the voter gets the correct ballot. The voter will then sign an electronic signature pad.

Prior to July 1, 2013, only Indiana counties that adopted the vote center model were permitted to adopt and use ePollbooks. The 2013 General Assembly changed that when they passed legislation permitting any of Indiana's 92 counties to utilize ePollbooks. Also in 2013, Indiana became the first state in the nation to require ePollbooks to meet certain comprehensive standards. The ePollbook certification program is being headed up by the Voting Systems Technical Oversight Program ("VSTOP") at Ball State University's Bowen Center. Statewide standards will help county officials make sure they purchase the best equipment and give Hoosier voter's confidence in their county's election equipment.

The Indiana standards used to test and certify the approved ePollbooks were developed by Ball State University political and computer scientists and are being considered as a model for other states. Pennsylvania and Virginia have already asked for more information about Indiana's new standards.

Currently there are five (5) ePollbook vendors approved by the Secretary of State's Office. They include Robis Elections, Decision Support, Election Systems & Software, KNOWiNK, and Hart Intercivic.

For a more in-depth look into ePollbook standards and for information concerning all ePollbook systems that have applied for certification, please visit <http://www.in.gov/sos/elections/4059.htm>.

### **Indiana Election Commission Certification Process**

The Indiana Election Commission must approve a vendor's application to market, sell, install or permit the use of a voting system in Indiana before the vendor engages in these activities.

The certification process begins when a vendor files an application with the Indiana Election Division. This application must be accompanied by detailed technical information regarding the functions of the voting system, and documentation that an accredited independent testing laboratory has determined that the voting system complies with federal voting system standards adopted by Indiana law.

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

The vendor must also demonstrate that the voting system complies with additional requirements imposed by state law such as the ability to cast a straight party ticket vote. The Commission requires the vendor to conduct a demonstration of any voting system model being certified for the first time for use in Indiana.

The same general process is required when a vendor wishes to market or install an upgrade to the software of a previously certified voting system. More information concerning the Indiana Election Commission can be found at <http://www.in.gov/sos/elections/2404.htm>.

## **Voting System Technical Oversight Program (VSTOP)**

The Voting System Technical Oversight Program (VSTOP) is an innovation modeled on the state voting system testing process administered by Kennesaw State University in Georgia. Indiana is one of the first states in the nation to begin development of a state-level testing program in coordination with technical experts in this area.

The Secretary of State was authorized to contract with an entity, such as a state college or university, to implement VSTOP and in 2008, contracted with Ball State University. This program assists in developing procedures and standards for training and security of voting systems; reviews the independent testing laboratory reports submitted by vendors to provide technical assistance to the Indiana Election Commission in reviewing voting system certification applications; compiles detailed information regarding voting systems and their use in Indiana; and conducts periodic inventory audits.

In 2013, VSTOP began testing ePollbooks to ensure that they meet certain standards. These standards were developed after extensive consultation with nationally accredited testing laboratories and ePollbook vendors. More information on the standards for ePollbook certification can be found at [www.in.gov/sos/elections/4059.htm](http://www.in.gov/sos/elections/4059.htm).

VSTOP is also a source to identify and publicize best practices for county voting system purchasing contracts and to develop quantity purchase agreements to secure the best possible terms for counties purchasing certified voting systems from a vendor.

## **Statewide Voter Registration System (SVRS)**

The Statewide Voter Registration System (SVRS), an electronic database that simultaneously links Indiana's 92 counties' voter registration records, was created in 2006 in coordination with the Secretary of State's office and all 92 counties. County

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

input, testing and use has been critical in developing and enhancing a system which complies with federal mandates and provides accurate voter registration data.

The system is also linked to the Indiana Bureau of Motor Vehicles and the Social Security Administration databases to help verify voter registration records. Additional data provided to the system from the Indiana Department of Health and Department of Correction assist local election officials in their efforts to remove the records of deceased and incarcerated voters.

With these additional tools, the SVRS provides a dramatic improvement over the counties old, individual systems by keeping the voter rolls current and accurate with updates made in real time, when the individual voter's information is entered into the system. These approaches have allowed and will allow the removal or inactivation of outdated records from the rolls which would otherwise pose a risk for vote fraud, increase costs in printing lists, distort voter turnout statistics and generally clog up the system.

## **A Brief Summary of Indiana's Provisional Ballot Process**

### **Indiana's Provisional Ballot Overview:**

In many states, provisional ballots are very commonly cast and counted in high numbers. The provisional ballot process in Indiana works differently than in many other states since provisional ballots are used as a last resort on Election Day. In the 2012 General, Hoosier voters cast nearly 2,700,000 ballots. However, only 5,862 of these were provisional ballots (0.139% of the total number of ballots cast in the General Election).

Indiana poll workers are trained to route voters through the regular ballot process whenever possible using procedures called "fail safes" to address common questions and concerns on Election Day.

Provisional ballots exist so that no voter is ever turned away from the polls because of a simple administrative question—a voter will always have the ability to cast a provisional ballot to capture the vote and the voter's eligibility can be reviewed at a later date.

### **The Process:**

Each of Indiana's 92 counties can receive poll worker training information from the state and are responsible for holding poll worker training session(s) to educate our poll workers on Election Day procedures, including Provisional Ballots.

A voter will cast a provisional ballot on Election Day for a variety of reasons. In many states, if there were any questions regarding a voter's record, he or she would cast a provisional ballot. In Indiana, fail-safe procedures prevent high numbers of provisional

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

ballots. For example, if a voter's name is not on the poll book by mistake, the poll worker would ask the county voter registration office about the voter's registration status and a certificate of error would be issued if a mistake had been made by the county. This voter would then vote using a regular ballot instead of issuing a provisional ballot. Fail safes apply to a variety of common situations including voters who have moved and the poll book no longer reflects their current address, a voter who has changed his or her name or an error has been made on the county level with regard to a voter registration record. However, fail safes are not available in every situation to every voter. As a result, it is critically important for each voter to ensure that they are registered, and that their information is current on the voter registration record.

If the voter casts a provisional ballot, the ballot will be kept separate from the other ballots cast in that precinct. After Election Day, the county election board will decide whether the voter was qualified to vote in that precinct and whether the voter's ballot should be counted. The voter will be able to contact the county election board after Election Day to find out whether the voter's ballot was counted and if it was not counted, why not.

The county election board can count provisional ballots until 3 p.m. ten (10) days after the election. If the voter had to fill out a provisional ballot due to inadequate photo identification, that voter can arrive at the clerk's office no later than noon ten (10) days after the election to present the appropriate ID or sign an affidavit.

### Campaign Finance Reporting in Indiana

The Indiana Election Division provides a comprehensive, searchable database of campaign finance reports for state level candidates running in the November 2014 General Election. This database is published at [www.CampaignFinance.IN.gov](http://www.CampaignFinance.IN.gov).

Campaign finance information for candidates for federal offices can be found at the Federal Election Commission's website [www.fec.gov](http://www.fec.gov). Campaign finance information for candidates for local offices can be obtained from each county election board.

The Indiana Election Division website provides an invaluable resource for Indiana voters to learn about a candidate's contributors and campaign expenditures **before the election occurs to help voters can make informed choices**. In 1998, Indiana became one of the first states in the nation to provide for pre-election Internet publication of campaign finance reports. According to information from our vendor, we remain one of a relatively few states to provide this information in such a timely fashion.

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

The pre-election finance reports are due at the Election Division at noon on October 17, 2014. Thanks to an innovative electronic filing program, most of these reports will be published on the website within a week after the deadline.

As a result, voters will be able to search the database before the November 4th General Election for all contributions made by an individual to any candidate, by city and zip code from which contributions were made and by many other fields which provide greater insight into the campaign finance report beyond simply the raw numbers of dollars received and spent.

This website contains reports which identify the chairman and treasurer of each type of political committee (candidates, PACs and regular party committees) and detail the contributions received and expenditures made by each committee.

[www.IndianaVoters.com](http://www.IndianaVoters.com)

The website [www.IndianaVoters.com](http://www.IndianaVoters.com) is operated and maintained by the HAVA staff of the Secretary of State's office. The purpose of this website is to provide voters access to valuable tools and resources that will aid them in being prepared and informed for Election Day.

Since its launch in 2006, [www.IndianaVoters.com](http://www.IndianaVoters.com) has served as a one-stop shop for information regarding Election Day and a voter's specific information. Through this website a voter can:

- Register to vote;
- Update/amend their voter registration;
- Confirm their voter registration;
- Verify the location of their polling location;
- Get driving directions to their polling location;
- View the candidates and public questions which will appear on their ballot;
- Research campaign finance data;
- Obtain an absentee ballot application; and
- Track the status of their absentee ballot.

Hoosiers can now register to vote via a mobile app on their smart phone. The new app will also allow Hoosiers to confirm their voter registration, update their voter registration, look up their polling location, get driving directions to their polling location, find out who's on their ballot, track their absentee ballot application or provisional ballot information and contact local election officials. It is a full service application designed to make voting easy for Hoosiers by providing election information at their fingertips.

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

Apple and Android users can access the application via their mobile app store by searching “Indiana Voters.”

Since November 30, 2012, 206,685 new registrations and 1,142,817 updates/changes to registrations have been processed through SVRS. 152,106 of the new voter registrations and amended registrations were received through the BMV. Approximately, 15% of the new registrations and approximately 5% of the updates/changes to registrations were submitted through IndianaVoters.com. Since November 2012, www.IndianaVoters.com has processed over 92,753 new and amended voter registrations. \*

Citizens can also use www.IndianaVoters.com to learn who is currently serving them as their elected officials. Indiana’s comprehensive listing of all elected officials, from President of the United States to local school board members and linked with geographic information system searching capabilities, is the first-of-its kind in the entire nation. Users can also this tool on-demand via their mobile device or tablet by downloading the “Who Are Your Elected Officials” or “WAYEO” app from their app store.

\*Statistics are as of October 6, 2014

## **Media Contacts and Application for Press Credentials**

### **Poll Watcher Credentials**

Members of the media who wish to observe the polls on Tuesday, November 4<sup>th</sup> must obtain a watcher identification card from the local county election board.

A list of all persons who will be observing should be prepared and signed by an individual or an officer of the media outlet. The signature must be verified. The list must be furnished the day before Election Day to the following:

1. The circuit court clerk;
2. The county election board;
3. The county chairman of each political party that is entitled to appoint a watcher;  
and
4. The chairman of each independent candidate's committee that is entitled to appoint a watcher.

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

If a member of the media desires to observe in more than one county in Indiana, the person must obtain a watcher identification card from the Indiana Election Division. The multi-county credentials are issued by the Election Division upon receipt of the application.

The Indiana Election Division can be contacted at 317.232.3939 or in-person at 302 W. Washington Street, Room E-204, Indianapolis, IN 46204.

### **Poll Watcher Regulations**

A watcher may not photograph a voter:

1. While the voter is in the polls if the voter informs the precinct election board that the voter objects to being photographed by the watcher; or
2. In a manner that permits the watcher to see or know for what ticket, candidates, or public questions the voter has voted.

A watcher is entitled to do the following:

1. Enter the polls at least thirty (30) minutes before the opening of the polls and remain there throughout Election Day until all tabulations have been completed.
2. Inspect the paper ballot boxes, ballot card voting system or electronic voting system before votes have been cast.
3. Inspect the work being done by any precinct election office.
4. Enter, leave and reenter the polls at any time on Election Day.
5. Witness the calling and recording of the votes and any other proceedings of the precinct election officers in the performance of official duties.
6. Receive a summary of the votes signed by the precinct election board, providing the names of all candidates and the number of votes cast for each candidate and cast for or against a public question.
7. Accompany the inspector and the judge in delivering the tabulation and the election returns to the county election board by the most direct route.
8. Be present when the inspector takes a receipt for the tabulation and the election returns delivered to the county election board.

Secretary of State

**Frequently Asked Questions (FAQ)**

**ELECTION DAY SITUATIONS**

*What if a voting machine breaks during the day?*

Neither Indiana nor any other state *has ever* experienced systematic or statewide voting machine problems that have completely inhibited the election process. Individual precinct-level issues with voting machines have been known to occur.

In the case of precinct-level issues, all counties have individual contracts with voting machine vendors whose voting systems have been approved by the Indiana Election Commission. Those contracts specify requirements for spare machines to be available at a central location in each county for deployment to a polling location in the case of an emergency.

If an electronic voting machine malfunctions or becomes inoperable at a precinct, voting can continue until the machine is replaced. Most counties using Direct Record Electronic (DRE) voting systems have more than one unit per polling location that can be used until a replacement arrives. Emergency paper ballots or provisional ballots can be used in the event that no voting machine is available. Counties that use Optical Scan (OS) voting systems would continue to allow voters to vote on their paper ballots which will be secured in the machine's lock box until the machine is fixed or replaced.

Votes are collected on removable memory cards for DRE machines which require the voter to complete the voting process by pushing the "cast ballot" button in order for the vote to be counted. If a machine is damaged or shuts down while a voter is in the process of voting, the previous votes are saved on the memory card and the selections the voter was in the process of making will not be saved, permitting the voter to vote on an alternate machine or on an emergency secret ballot.

Indiana law requires immediate action by a county election board if there is a problem with a voting machine. "Each county election board shall be at its office from 5 a.m. until 6 p.m. on Election Day. Upon notice that an electronic voting system is out of order or fails to work, the board shall be ready between those hours to deliver to any precinct in the county: necessary paper ballots, election booths with an adequate number of stalls, ballot boxes, and all necessary supplies and equipment as required by law" (*see IC 3-11-14-19*).

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

More information about voting machines and how they are used in the process can be found at <http://www.in.gov/sos/elections/2652.htm> .

***What if a polling location must close due to an emergency?***

Counties are asked to be prepared in the event a polling location must be moved at the last minute due to an unforeseen event. If this occurs within two (2) days of an election, IC 3-11-8-3.2 (c) permits a County Election Board to designate a new location and give the best possible notice of this change to news media so it can be reported to the public. As a practice, counties should post signs at or near the former location to direct voters to the new location.

***What if a polling location runs out of ballots?***

Over half of Indiana counties operate Direct Record Electronic (DRE) voting systems that do not use paper ballots. Indiana counties which use Optical Scan paper ballot systems have worked hard to accurately forecast the number expected in-person voters based on county level voter registration and the number of absentee voters and ordered sufficient paper ballots. This helps ensure that ballot shortages are unlikely.

If a precinct runs out of ballots, Indiana law allows county election boards to have extra ballots delivered immediately to the precinct location. Should a county begin to run out of ballots for individual precincts, the law allows election boards to print additional ballots as needed.

If needed, county election boards generally are able to print additional ballots at their county office. Some counties have commercial printers on call in the event that additional ballots are needed. After printing new ballots, *bipartisan* election commissioners deliver these ballots to the locations needed. Typically during training, county election administrators remind poll inspectors to keep tabs on the supply of paper ballots and call for additional copies well in advance of the precinct's supply running short.

***What if voters are still in line at 6:00 p.m.?***

In most instances, these voters are still allowed to vote. Indiana Code permits voters who, at the hour of closing, have passed the challengers and are waiting to sign the poll list, have signed the poll list or are in the act of voting to cast their vote.

Additionally, Indiana Code allows for the precinct's poll clerks to assist large crowds that may be standing in line at 6:00 p.m. Voters who have not yet passed the challengers' table but that are still on location to vote may line up single file within the chute. At that

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

time, the poll clerk must take down their names and they will be permitted to vote if otherwise qualified (*see* IC 3-11-8-11 (a)).

The chute is the area or pathway that extends fifty (50) feet in length, measured from the entrance of the polls to the room within the building where voting is taking place. If the property line of the polling location is less than fifty (50) feet from the door or entrance to the polling location, then the chute is measured from the exterior door or entrance to the polling location to one-half (1/2) the distance to the property line.

***What if a poll location does not open at 6:00 a.m.?***

During every statewide election, local and state officials are notified of instances where a polling location does not open on time. Often, in these instances, it is a case of an election inspector, the person who opens the location, is simply running late. Most counties have extra volunteers on hand to quickly respond and open a polling location, such that virtually all polls will be open within the first 60 minutes of the polling times. Likewise, until an inspector arrives, state law provides that a judge or other poll worker can serve as “acting inspector” so that the polls can open (IC 3-6-6-14). This is never an ideal situation, but most counties are prepared when such a situation occurs.

On rare occasion in Indiana, a number of polling locations within one county have not opened on time. In the past, some county courts have attempted to compensate by ordering an extension of voting hours for that county. With respect to extended voting times, counties are instructed to follow court orders, however, any voter who was not in the polling location or chute at 6 PM must vote by provisional ballot. Those ballots would be separated from the ballots of voters who arrived before the 6 PM deadline. Courts will later determine if the court order is to stand, in which case the provisional ballots would be counted (*see* IC 3-11-8-11 (b)).

***What if there is a poll worker or volunteer shortage?***

Most counties have a stable network of poll workers and Election Day volunteers. Counties that use vote centers conduct their Election Day activities with far fewer workers than other counties. In other counties, clerks have continued to work with local party officials to find adequate numbers of poll workers. Many high schools across the state have also encouraged students to participate in the 16-17 year old Poll Worker Program, which allows students who meet certain criteria to serve on Election Day. For additional information regarding Poll Workers see the Poll Worker Information Guide at: <http://bit.ly/1IQHV4e>.

Secretary of State

## **ELECTION PROCESS**

### ***How are precincts created and voters assigned to them?***

Precincts are established by county election officials, subject to approval by the Election Division or Election Commission. State law requires most precincts to contain no more than 1200 active voters in most cases. An eligible voter who resides within the boundaries of the precinct can vote for the candidates on the ballot in that precinct.

### ***How are polling locations chosen?***

County election officials choose where each precinct's polling location will be located. Polling locations must be accessible to voters with disabilities, and be located in the precinct, or nearby to ensure accessibility by these voters.

### ***How is a voter center location determined?***

The vote center location is determined by the county's voter center development team and ultimately approved by the local county government. The vote center location should be in a place that is convenient and accessible to many voters. However, the location must also have access to a reliable and secure internet connection. Counties that have adopted vote centers are required to have at least one (1) voter center per 10,000 registered voters. A county may have more than required amount of voter center locations. The location must also be accessible to voters with disabilities.

### ***What are polling location hours?***

Indiana's polling locations are open from 6 am until 6 pm, prevailing local time. Note: 80 eastern Indiana counties observe Eastern Standard Time (EST) while 12 western Indiana counties observe Central Standard Time (CST).

### ***Who are the poll workers and how are they chosen?***

The head poll worker in each precinct is the inspector. Inspectors are appointed by the political party that received the highest vote total in that county in the last Secretary of State's election. There are also election judges and poll clerks. Poll workers are nominated by the two major political parties, and if vacancies exist, the county election board can appoint qualified voters to serve.

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

## ***Who is the county clerk and what is the clerk's role in elections?***

The county circuit court clerk is the official charged with administering elections in most counties. The clerk is elected by the voters to a four (4) year term. The clerk's office performs a wide variety of day-to-day election tasks, including receiving candidate filings and campaign finance reports, finding polling locations, and overseeing ballot printing and absentee voting. In most counties, the clerk also administers voter registration.

## ***What is the county election board and its role in elections?***

The county election board works with the county clerk to administer elections. The election board, which always includes the county clerk as a member, meets from time to time to resolve candidate challenges, absentee ballot challenges and voter registration disputes. On Election Day, the board meets to resolve issues and solve problems that have arisen at precinct polling locations. After the polls have closed, the board compiles the precinct election returns and later determines whether provisional ballots are counted.

## ***What is the Indiana Election Commission and its role in elections?***

The Indiana Election Commission is a separate four (4) member administrative body, whose members are appointed by the Governor. The Commission meets from time to time to enforce campaign finance laws, to resolve candidate challenges, to certify voting systems for sale and use in Indiana elections and to enforce penalties against voting system violations.

## ***What is the Indiana Election Division and its role in elections?***

The Indiana Election Division is headed by two bipartisan co-directors, who are appointed by the Governor. The Election Division provides administrative support to the Indiana Election Commission in the enforcement of campaign finance laws and assists county election officials in making precinct changes. The Election Division provides information and training regarding election laws and procedures to voters, the media, county election officials, candidates, political parties, and other civic groups, and publishes state level campaign finance reports on its website. The Election Division works closely with the Secretary of State to perform many election tasks, including the operation of the statewide voter registration system, receiving and processing candidate filings in state level races, and preparing the certification of election results following the primary and general elections.

## ***What is the Secretary's role in elections?***

The Secretary of State of Indiana is elected by the voters for a four (4) year term. The Secretary is designated as the state's chief election official and has important duties under

# SECRETARY OF STATE STATE OF INDIANA

Connie Lawson  
Secretary of State

the federal Help America Vote Act (HAVA). Although state law does not provide the Secretary with direct oversight or control over the actions of precinct and county election officials, the Secretary takes an active role in the election process. The Secretary develops and provides educational material for counties to conduct poll worker training and conducts voter education campaigns to provide information about election requirements and procedures. The Secretary investigates allegations of vote fraud and enforces penalties against voting system violations.

## **VOTING PROCESS**

### ***How does a voter cast a provisional ballot?***

Generally, the same rules and procedures that apply to casting a traditional paper ballot apply to casting a provisional ballot, but there are some special procedures that are similar to casting an absentee ballot:

- a) The voter must mark the provisional ballot privately unless the voter is entitled to and requests assistance.
- b) The voter must enclose the provisional ballot inside a provisional ballot secrecy envelope provided for this purpose (Form PRO-2) and seal the envelope.
- c) The voter must return the sealed envelope with the ballot inside to the inspector.

Today, counties may use the Indiana Statewide Voter Registration System to track and provide information to voters who cast provisional ballots and are concerned about their ballot being counted. Under Help America Vote Act requirements, voters who cast provisional ballots must have free access to information concerning whether or not the ballot was counted, and if not why. In response, counties have established toll-free phone lines that voters may call, use the provisional ballot reporting structure in the state's Statewide Voter File or a combination of both. In addition, IC 3-14-5-2(2) requires counties to provide copies of provisional ballot challenge forms to the Secretary of State following the election.

### ***Can a Voter Cast an In-Person Vote after Voting Absentee?***

Under legislation adopted in 2011, an absentee voter who has marked and returned an absentee ballot may not vote in person at the polls on Election Day (*a practice called "beating their ballot"*).

An absentee voter can vote in person on Election Day if the voter was sent an absentee ballot, but did not return the ballot before Election Day. However, the voter must return

SECRETARY OF STATE  
STATE OF INDIANA

Connie Lawson  
Secretary of State

the absentee ballot to the inspector in a county that counts absentee ballots at the precinct or to the county election board in a county that counts absentee ballots at a central location before being permitted to vote in-person at the polls.

A voter may also vote in-person at the polls on Election Day if their absentee ballot was returned, but rejected by the county as defective.
