

WAYNE COUNTY VOTE CENTER PLAN AMENDMENT

The Wayne County Election Board finds it necessary to modify the "plan" to meet the needs of the 2012 Elections. The Board further finds that amendments to this plan may be submitted with changes that are specific to a particular election, as necessary.

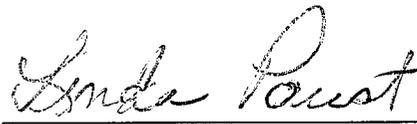

The amended changes to each section is as follows:

Index	
Overview	Sec. 3-1
Voter Statistics and Precincts	Sec. 4-1
Voter Status Counts	Sec. 4-2
Vote Centers and Facilities	Sec. 5-1
Polling Place & Accessibility	Sec. 6-1
Satellite Absentee Voting	Sec. 7-1
Technology	Sec. 8-1
Contingency Plan	Sec. 11-1

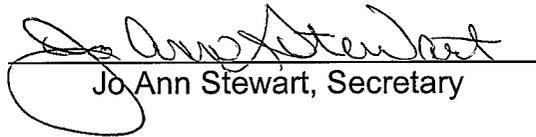

These amendments will be effective on April 27, 2012.

Dian Lawson, President

Linda Paust, Member

Jo Ann Stewart, Secretary

OVERVIEW OF THE VOTE CENTER PLAN

This amended version of the "Overview of the Vote Center Plan" will provide a way to view election specific data. We have found that this approach will eliminate the need to update the "Plan" for each election.

The index will now reflect changes to sections 6 and 7 showing specific elections as follows:

Presidential
Mid-term
Municipal
Special

Section 6 will provide the addresses of all approved vote center locations.

Section 7 will reflect the satellite vote center location and hours for voting prior to Election Day.

Reducing the number of precinct polling locations and utilizing vote centers has proven to be successful since 2007. As one of the pilot counties, we continue to review our process after each election. Most important, we are able to provide the voters with convenience and choice, with the integrity of the election always our first priority.

Each vote center is set up similarly. During certain elections when high voter turnout is expected, it may be necessary to add additional clerks and/or judges. The key to a successful vote center is (1) training poll workers (2) flow of the process. Meeting with Inspectors after an election can provide valuable information regarding the vote centers and flow.

The electronic poll book is the tool that permits the voter to cast their ballot at the time and location of their choice. We have also found it to save valuable staff hours, normally spent to print and bind the paper poll books for each precinct. Poll workers have adapted to the electronic version as well, no clumsy paper poll books to deal with.

Wayne County continues to strive for efficiency by utilizing voter centers using fewer poll workers, and in 2011 purchasing new equipment.

VOTER STATISTICS AND PRECINCTS

Wayne County has 58 precincts. With the use of vote centers and satellite voting locations, the ballot for each of those precincts can now be available at any designated location.

Please refer to Section 6 for a complete listing of vote center locations for each election type.

Also in this section is information provided by SVRS/First Tuesday detailing voter information for each precinct.

**INSERT FOR SECTION 6
POLLING PLACE AND ACCESSIBILITY - LOCATIONS**

POLLING PLACE AND ACCESSIBILITY

After much consideration and planning, the following locations have been chosen as Vote Centers for the 2012 elections. Should any unforeseen situations necessitate change, "The Plan" would be amended according to IC 3-11-18-19.

- | | | | |
|-----|--|-----|--|
| 1. | Kuhlman Center
861 N. Salisbury Rd.
Richmond, IN 47374 | 2. | Townsend Community Center
855 N. 12 th St.
Richmond, IN 47374 |
| 3. | First English Lutheran Church
2727 National Rd East
Richmond, IN 47374 | *4. | First Baptist Church
1601 South A St.
Richmond, IN 47374 |
| *5. | Golay Center
107 E. Maple Court
Cambridge City, IN 47327 | 6. | Hagerstown New Testament Church
752 W. Main St.
Hagerstown, IN 47346 |
| 7. | Centerville Christian Church
111 N. Morton Ave.
Centerville, IN 47330 | 8. | Fountain City Wesleyan Church
5600 US Hwy 27 North
Richmond, IN 47374 |

These facilities have been reviewed by the Wayne County Hava Committee in 2006 and were found to meet all State (IC 3-11-8) and Department of Justice requirements.

All facilities were toured with Joe McLain on July 24, 2006 and viewed to have ample parking with numerous handicap spaces clearly marked. Easy access into the buildings was also observed. However, signage will be in place to clearly mark these locations for the voters and/or their drivers.

***NEW – The Wayne County Election Board and Wayne County Commissioners have determined the need to add an additional vote center for the 2012 elections. First Baptist Church was added as an additional location. Golay Center now replaces St. Elizabeth's Catholic Church in Cambridge City.**

SPECIAL ELECTION

TO BE DETERMINED BY ELECTION BOARD

TECHNOLOGY

ELECTRONIC POLL LIST

Wayne County will begin using ePollbook by Hart Intercivic in the 2011 November Municipal Election.

As in 2007, the plan will be as follows:

- A postcard will be mailed to all active voters in Wayne County.
- The voter is instructed to bring the card to the vote center when voting. At that time the card or drivers license will be scanned, which will pull the voter information up in the ePollbook. Once information is verified, the voter will sign the card.
- A label will be generated with a unique barcode, which will identify the voter's precinct, name, and address.
- Voter's arriving without a card will be issued a "Substitute Postcard" to complete and give to the clerk in place of the card.
- The ePollbook will require two passwords (one democrat-one republican) in order to access the program. New passwords will be issued and required for login each day.

Note: This data will be checked and verified at the voter registration office each day after the vote center closes.

Hardware, Firmware, and Software

1. Two laptop computers will be sent to each vote center. Each will have a minimum of the following:
 - a. Pentium class with windows 2000 or XP
 - b. 512 mb memory
 - c. 10 gb hard drive
 - d. Network/Ethernet card
2. Three barcode readers will be sent to each voter center.
3. One-label printer will be sent to each vote center.
4. Additional laptop computers will be available as well as technology personnel to assist any facility with technical problems or need for additional equipment.

SECURITY

Electronic Poll Book

The Hart ePollBook uses multiple distributed databases to ensure data redundancy. All data is encrypted using 128-bit encryption. Data synchronization uses 128-bit SSL communications secured with both client and server encryption certificates specific to the deployment. The original voter list is signed, encrypted and remains unaltered through the election process.

1. A single database situated behind a firewall will house the ePollbook data. The only access to the database is through the website, which is limited to authorized users. The purpose of the database will be to validate barcode scanning to eliminate the possibility of duplicate voting.
2. SSL – secured socket layer to this website
3. Should internet connectivity be interrupted, the ePollbook will continue to record voters.

CONTINGENCY PLAN

Power Outage/Technical Difficulties

Technology personnel will be on stand-by at the Voter Registration Office. These "teams" will have additional equipment on hand, ready to deliver.

A team from Harp Enterprises will troubleshoot and travel to the vote centers if necessary.

Should a power outage occur, voters would be redirected to the other vote centers if necessary. In case of multiple location or countywide power outages, the Safe Election Plan will be implemented and the Wayne County Emergency Management Agency will be notified to provide emergency generators.

Election equipment used at the courthouse will be plugged into an outlet that provides immediate connection to a generator.

Weather radios will be set up at each location if necessary. In the event of weather emergency or disaster, procedures will be followed according to the emergency preparedness plan on file with Wayne County Emergency Management Agency.

Media/Public Information

1. A press release is sent to the media prior to each election.
2. A representative from this office will offer to speak at various group meetings. i.e. Kiwanis, Lions Club, Rotary, American Legion, Chamber of Commerce.
3. The Wayne County website, www.co.wayne.in.us provides a list of offices and candidates on the ballot, as well as voting locations with maps and directions.
4. The Voter Registration office will update its Twitter account at [WaynecountyVote](https://twitter.com/WaynecountyVote) with periodic information for voters.

Other

As stated earlier, the postcard mailings will serve to verify duplicate voting is not taking place. Blank cards will be available for those who forget to bring them to the vote center. With the implementation of new voting equipment and a new electronic poll book in 2011, the post card will not be necessary and may be discontinued in some future elections.
