

Looking for an internship this summer?

We're hiring a Digital Communications Intern for summer 2016!

The Indiana State Personnel Department is looking for Journalism, Communications, Informatics, Computer Science, Graphic Design or English majors interested in gaining experience in web design, social media, blogging, photography, video and graphic design.

Did we mention you get paid? Yes, this is a paid summer intership!

Our intern will help SPD market the state's Invest In Your Health wellness program to employees, including participating in planning and managing the our weekly farmers' market in Downtown Indianapolis. The intern would assist with our social media accounts, create and send e-newsletters and develop content and blog on our wellness program websites.
