

## Beltone Hearing Healthcare

### 15% Retail Discount

**All Indiana State employees and their immediate family members (grandparents, parents, spouse and children) will receive complimentary hearing screenings and a 15% retail discount off the usual and customary retail price of any Beltone hearing instrument at any of over 50 Beltone locations in Indiana and at 1500 locations throughout the United States.**

#### Beltone Hearing Aids

Beltone products are developed using only the latest hearing technology and are designed to fit just about any lifestyle and hearing loss.

The outer shell is the first of the two main parts of a hearing aid and it makes up the overall look. Our most popular shell styles are available in completely-in-the-canal (CIC), in-the-canal (ITC), in-the-ear (ITE), and behind-the-ear (BTE) models. The inner circuitry is the second of the two main parts of a hearing aid and it determines the type of technology used in the hearing aid. We offer a wide range of circuits to fit a variety of hearing needs.

#### Beltone Patient Satisfaction

The Beltone experience is all about patient satisfaction. With 70 years of experience, 1500 U.S. locations and over 50 locations in Indiana, highly trained professionals and friendly service, you can expect an experience that is convenient, professional, and caring. In fact, Beltone has a 95% patient satisfaction rating and is the most trusted brand among adults 50+.

#### Hearing Testing

Your hearing health is a critical piece to your overall health. Just as you make time for regular eye exams, blood pressure and cholesterol screenings and dental check-ups, it is important to schedule an annual hearing screening.

Beltone offers comprehensive audiometric evaluations:

- Personalized Hearing Health Assessment lifestyle consultations
- Visual ear examinations using a video otoscope

- Testing to determine your ability to respond to sounds and repeat spoken words

Should you have a hearing loss that can be corrected with hearing instruments - as occurs 90% of the time – we offer revolutionary digital hearing instruments that offer clear, more comfortable hearing, a virtually invisible appearance and prices that fit your budget.

### **Follow-up Care**

All Beltone hearing instruments come with the exclusive BelCare™ commitment - one of the most comprehensive aftercare programs available. From your very first hearing screening through all the years you own your Beltone hearing instruments, BelCare™ assures you a lifetime of attention at any one of Beltone's participating hearing care centers nationwide. No other company offers the same level of commitment.
