

Life insurance coverage available with no health questions

When you are hired/become eligible for benefits, you can enroll for coverage without answering health questions. Below is a summary of those options.

A full list of your life insurance coverage options is outlined on the next page.

During initial eligibility

- Basic term life and AD&D: 1.5 times annual salary
- Supplemental term life: Up to \$200,000
- Spouse: Up to \$20,000

To apply for higher coverage, you must complete evidence of insurability (EOI) by answering a few questions about your health history – along with height and weight.

EOI is also required if you apply for basic, supplemental, or spouse coverage after initial eligibility.

Child and voluntary AD&D doesn't require EOI

- Enrolling for child and/or voluntary AD&D coverage never requires evidence of insurability or health questions

Once your coverage is effective, you never have to re-enroll to continue your coverage.

Initial eligibility refers to the first time a person is eligible for coverage. For you, the employee, this is when you're hired and become eligible for benefits.

For your spouse, it's when you become eligible for benefits or within 30 days of a new marriage.

Frequently asked questions

What is term life and AD&D insurance?

Group term life insurance provides a cost-effective way to prepare for the unexpected by adding an extra level of protection during your working years. Your loved ones may benefit from life insurance to cover medical bills, funeral costs and estate management expenses. It can also be a critical resource in helping with your family's ongoing expenses.

Accidental death and dismemberment (AD&D) insurance provides additional financial protection in the event that a covered accident results in an insured person's loss of life, hearing, sight, paralysis and more.

Do I have to answer health questions?

Enrolling for coverage other than what is outlined on page one will require that you answer a few questions about your health history, along with height and weight. Based on your answers, it will be determined whether anything further is needed to make a decision to approve or decline the application. If by any chance your application is not approved, you will still get any coverage that didn't require the health question and it will not affect any coverage you already have.

What should I know about naming a beneficiary?

Naming a beneficiary, and keeping it up to date with life's changes, can help ensure any proceeds are paid according to your wishes and without delay. You can name a person, charity, trust or your estate. You can also break up the payout by percentage. Beneficiary changes can be made anytime throughout the year.

Can I take my coverage with me if I leave State of Indiana?

You can continue to be insured with Securian beyond active employment without answering health questions. Premiums are generally higher than those paid by active employees.
