Keep in mind that the banks of all rivers should be considered private property. Only a very small part of the river banks in Indiana are in public ownership. More information can be found online at:

www.IN.gov/dnr/outdoor/canoe/introduc.htm
For additional information about river use, you may contact an Indiana conservation officer stationed in the county where you plan to boat. Conservation Officer information is available from the DNR, Division of Law Enforcement, 402 W. Washington St., Rm. W255-D, Indianapolis, IN 46204 317-232-4010 or online at:

www.IN.gov/dnr/lawenforcement

Before using the Wabash River, you should check the water flow and conditions of the river. To get up to the minute water flow data, visit the USGS website at:

Note: All maps will not be the same scale.

Wabash River Heritage Corridor and its Commission

The Wabash River Heritage Corridor Commission (WRHCC) was established by the Indiana General Assembly to promote the Wabash River Heritage Corridor, historically the most important trade and transportation route of early America. The Corridor includes 475 miles of the Wabash River, 25 miles of the Little River, also known as Indiana’s Little Wabash River, and up to 10 miles of portage between the Wabash and Maumee drainage basins. The Corridor Commission, together with the Indiana Department of Natural Resources and the Banks of the Wabash, works with citizens of the Corridor to promote conservation and recreational development efforts.
