Questions and Answers

Question:

I am reaching out to see if the transportation grant you have going is a fit for my organization. I run a youth recovery program and pick up students each week to get them to the program. We really could use these funds to help us make this available more than once a week.

Answer:

The potential respondents for the RFF include currently authorized Child Mental Health Wraparound providers. The purpose of the funds is to assist with transportation of the youth to/from CMHW authorized facility-based respite locations within 120 miles of the site.
